The Progress company developing its new vein from the Good Will tunnel has taken out [illegible] in the course of development work and marketed the lot expecting the mineral to run $50 in gold to the ton.

THE BOSTON STRIKE OVER

Trouble Which Paralyzed City's Business Settled Through Efforts of Governor Crane.

WINTHROP MURRAY CRANE

By Associated Press

Boston March 13—Through the united efforts of representatives of the great mercantile bodies of the city seconded by the chief executives of the city in conference with the recognized leaders of organized labor the great strike of freight handlers and kindred trades represented in the Allied Freight Transportation council was broken tonight. Fully 20,000 men who have been idle for four days will go to work in the morning.

This result was attained at a conference this evening at the office of Governor Crane. The decision was at once reported to the Allied Freight Transportation council at a special meeting tonight and unanimously indorsed. The settlement was the result of an expressed determination of Governor Crane and those representing the merchants of Boston to bring all possible pressure to bear upon the New York New Haven & Hartford Railroad company to adopt the rules in force upon the Boston & Maine railroad for bidding freight handlers to unload teams except at their own option and risk.

All of the old men for whom places can be found will be taken back by the railroads tomorrow but owing to the suddenness with which the strike was ended and the large number of new men who have been installed it is likely that many of the old employes will find no vacancies for them tomorrow. Eventually it is believed they all will regain their old positions.

Teamsters and longshoremen will find an unprecedented demand for their services and traffic of all kinds which has been virtually at a standstill for the past three or four days will be resumed tomorrow with a rush.

The Brine Transportation company the loading and unloading of whose non union teams precipitated the strike of the New York New Haven & Hartford freight handlers does not appear to have figured in the settlement of the present controversy and as far as that company is concerned the sentiment against it on the part of the labor unions is as bitter as ever. Under the new arrangement however union men will not be required to load or unload that company's teams.

The day was filled with conferences between representatives of the various labor unions and the city's business interests in which Governor Crane Mayor Collins Secretary Easley of the National Civic Federation and the state board of arbitration took important parts. Every one was fully impressed with the gravity of the situation and felt the absolute necessity of an immediate settlement. As early as 8 o'clock Secretary Easley who had arrived from New York on the night train met a number of labor leaders at Youngs hotel where their side of the controversy was explained to him in detail. At 12 o'clock those in attendance proceeded to the rooms of the state board of arbitration at the state house and met various representatives of mercantile bodies of the city the officials of the various railroads and Mayor Collins when a free interchange of ideas was had for more than three hours.

Governor Crane although not present at this meeting, personally had a representative in attendance and was kept in close touch with all its proceedings in which the man [illegible] the greatest interest. Among those present were Mayor Collins J. Richard Carter and John M. Little representing the Associated Board of Trade A. A. Lawrence A. C. Farley F. B. Wilson and C. H. Walcott representing the Merchants association Jerome Jones and H. Leonard representing the chamber of commerce President Lucius Tuttle of the Boston & Maine railroad General Manager Barnes of the Boston & Albany railroad General Manager W. E. Chamberlain of the New York New Haven & Hartford railroad President Oscar Cox of the Allied Freight Transportation council President [illegible] of the Teamsters union and many other officials of the various labor bodies of the city.

The outcome of the meeting was the appointment of a committee of seven to devise some plan that might be mutually agreed upon as a basis of settlement in consultation with Governor Crane. The committee which consisted of Judge W. A. Reed, chairman of the state board of arbitration A. A. Lawrence, George H. Leonard and John T. Little on behalf of the merchants and Thomas H. Cannon George F. Frye O. Powers and Thomas Mahoney representing the unions with Secretary Easley then waited upon the governor and were closeted with him for two hours.

Meantime a large number of labor leaders had arrived at the state house and went into conference in the council chamber which adjoins the office of the governor. The door between the rooms was open much of the time and there was a general exchange of ideas. Every one was given an opportunity to express his opinion and while there was unanimity of sentiment that everything possible should be done to bring the strike to a quick termination there was a diversity of views as to how this end could be attained.

Governor Crane while impressing upon those present the fact that he had no authority to make pledges for any of the interested parties made the following proposition:

If the strike is declared off and those of the men who are will return to their work I will, as governor of the commonwealth use my best efforts with the New York New Haven & Hartford railroad to have them adopt rules that will be in conformity with those already adopted by the Boston & Maine railroad regarding the loading and unloading of teams.

The Boston & Maine road's rule is that freight handlers are not required to go upon trucks of forwarding concerns and assist in unloading freight.

The governor further agreed to see the officials of the Boston & Lowell, Boston & Albany and New York New Haven & Hartford railroads and the various steamship lines and urge them to reinstate as many men as they possibly can.

Governor Crane impressed every one present with his deep interest in the matter and it was largely through his influence that the representatives of labor present unanimously agreed to recommend to their various unions that the strike be declared off and that every man on strike return to work tomorrow.

This decision was received with intense satisfaction by all who participated in the conference for although it was not effective until it had been formally ratified by the individual unions it was conceded that it meant the termination of the fight in Boston between unionism and non unionism that has crippled the commerce of Boston for the past four days and has caused great inconvenience and expense upon its merchants and citizens.

When the conference with the governor ended nothing remained for the committee except to make its report in the board of arbitration rooms to the meeting which had [illegible]. After the report had been adopted the meeting dissolved.

Immediately the decision to call off the strike had been reached the labor leaders hurried from the state house to put themselves in touch with their respective unions special meetings of which were being held in anticipation of the necessity for quick action of some kind.

After the committee had left the [illegible] expressed to the newspaper men his great pleasure at the result attained by the conference. Said he:

Inasmuch as the strike has been declared off it now becomes the duty of the public to do its part and of other employers of labor to see that the men who went out are reinstated so far as possible.

EXPENSES FOR 1901 OF EL PASO COUNTY

Year Shows Increase of $35,000 Over Cost of the Previous Year--Report of Commissioners Completed.

The semi annual report of the expenditures for the government of El Paso county covering the six months ending last December 31 has been made up by Major McAllister and Merton Stubbs, deputy county clerks in the commissioners office. The expenditures for the entire year of 1901, as compiled in the commissioners office show that the government of the county cost more during the year than in any other year during its history the increase being due to the money spent in the erection of the new county court house.

The entire expenses for the year 1901 were $238 373 81, an increase of $35,669 79 over 1900. The commissioners give a report of the expenditures every six months to the taxpayers. The expenses paid in cash for the first six months of 1900 were $78,547 53, and for the last six months of the same year were $124-156 49, a total of $202 740 02 or nearly $36 000 less than the expenses of 1901.

During the year ending last December 31 the money spent on the erection of the new court house was $88,480 04. It was this amount that swelled the total expenses for the year. It is said that the new structure will cost fully $300-000 before it is completed. The money for the new building is drawn from a special fund.

As shown by the report just completed, and the report for the first six months of the year 1901 the expenses of running the county for the entire year were as follows:

Salaries and fees	$ [illegible]7 2 96
Office expenses	3,[illegible] 96
General, including care of insane, etc	21 546 72
District court	17 [illegible] 84
County court	[illegible] 782 20
Elections	7 995 23
Smallpox	1 91[illegible] 73
Jail	6 578 08
Support of poor	12,7[illegible] 84
Roads and bridges	16,698 03
Old court house	6 136.58
Rebate of taxes	1 178.78
New court house	88,480 04
Coroner	[illegible] 40
Justices of the peace	2,560 48
Poor house construction, first six months	336 93
Maintenance fund	8,182 59
Contingent fund including Quarto centennial contribution of $1 500	2,563 87
Total expenditures for year	$238,373.81

VIGOROUS DISCUSSION OF THE SHIP SUBSIDY BILL

[illegible] ... Sitting Bull and his ... [illegible] ... the first ... March ... [illegible] ... Nebraska ... [illegible] ... Fort ... [illegible] ... July 1864 ... [illegible] ... Washington ... Soldiers ...

Mr. [illegible] a member of the committee on commerce spoke in opposition to the ship subsidy bill. He said that the promoters of the pending bill were urging that it was not such a measure as that reported in the last congress. It was better in that during the first year of its operation it would cost [illegible] than the measure of last year had it been passed. It was true however in that after the first year it would cost many millions more because there was no limitation either to the time or to the expense of its operation because it does not compel the beneficiaries of the act to build a single ship in the United States and because it gives particular prominence to the fast steamship lines especially the International Navigation company. He denounced the measure as contrary to the fundamental law of the land and absolutely unconstitutional.

Mr. Berry had read an article in a New York newspaper giving details of a completed arrangement whereby the Morgan Steamship syndicate expected to gain control of the White Star Red Star Leyland Atlantic Transport and other great steamship lines.

We thus see said Mr. Berry that it is the intention of J. P. Morgan and his associates to form a syndicate which shall control the entire shipping interests of the Atlantic.

Does the senator state of his own knowledge inquired Mr. Hanna that Mr. Morgan has purchased the White Star line?

I have no knowledge of the matter replied Mr. Berry except what I have acquired from the article just read.

You base your statements then suggested Mr. Hanna upon newspaper reports.

As I do, responded Mr. Berry but [illegible] is not true.

I do not know anything about it [illegible] Mr. Hanna.

Mr. Berry continued declared that Mr. Morgan and Mr. Griscom president of the [illegible] and that associates would be the beneficiaries of the pending bill. If Mr. Morgan and his associates desired to obtain American registry for their foreign built ships he had no doubt of their ability to convince the majority in congress that it would be right to give them vessels American registry.

Mr. Hanna replied to some of the remarks made by Mr. Berry and a brief colloquy ensued participated in by Messrs. Hanna, Berry, Spooner and [illegible].

I say, declared Mr. Hanna with some warmth that the senators on this side of the chamber who are favoring this measure are thereby fostering a power to build up a monopoly or to [illegible] any syndicate is unfair. If a newspaper report is to be taken as proof to sustain the statements that have been made it is hardly worthy of consideration. Not one ton of these foreign built vessels if purchased by American [illegible] could be admitted to American registry or receive any benefit on the ship subsidy bill and no one knows that better than the senator from Arkansas.

Mr. Hanna went on to say that Mr. Berry had urged that the enormous powers and influence of Mr. Morgan and his associates would be brought to bear on congress to secure the admission of the foreign built vessels to American registry. That was gratuitous. If it were true this bill would offer little inducement to those owners as by having their vessels brought under American registry they would participate in the very profitable coastwise trade of the United States.

Mr. Perkins of California a member of the commerce committee delivered an extended speech in support of the pending measure. He believed it was the duty of the country to try the experiment proposed. If it proved to be a failure it could be repealed by congress but he was satisfied that in its operation it would be a great success. Every American citizen he said was interested either directly or indirectly in the bill. He was satisfied it will be as far reaching in its good results as any piece of legislation that had been before congress for many years.

As a shipping man Mr. Perkins pointed out that the proposed subsidy or differential as he preferred to call it would not begin to pay one half of the operating expenses of the ship. Therefore he maintained the criticism of the measure because it did not contain the provision of the bill of last year that a vessel must carry at least 50 per cent of her cargo capacity in order to participate in the subsidy could not be operated except at a loss and Yankees are not in the habit of doing business in that way.

Mr. Penrose favorably reported the Chinese exclusion bill and it was placed on the calendar.

At 5 10 p. m. the senate went into executive session and at 5 25 p. m. adjourned.

THE DANISH NEGROES WANT TO HOLD OFFICE

By Associated Press

Copenhagen March 13—The treaty providing for the sale of the Danish West Indies to the United States came up for the first time in open session in the Folkething today. The premier and foreign minister Dr. Deuntzer replying to several speakers, said Denmark acted in the best interests of the islanders in negotiating the treaty. Denmark in fact was merely receiving compensation for her obligations in connection with the islands. The United States had acted in the best faith and with friendliness throughout the negotiations. The minister felt assured the great republic could and would give the islanders a better position in the world than they had enjoyed before.

Confidential reports received here from the Danish West Indies declare there is intense excitement among the negroes of those islands over the sale, owing to their belief that it will mean universal suffrage and office holding. There are fears of insurrection and serious trouble according to these reports if the treaty is defeated.

ASKING FOR FACTS ON THE TRANSPORT SERVICE

By Associated Press

Washington March 13—A spirited controversy occurred before the house committee on military affairs today over the question of calling on the war department for information as to alleged irregularities of the transport service.

Representative Richardson of Tennessee originally introduced the resolution calling for reports by Colonel J. L. Chamberlain and Colonel M. F. Maus of the inspector-general's office of the army as to the transport service. This resolution when called up in the committee today, brought on a vigorous discussion between Representative Hay Democrat of Virginia, and Representative Parker Republican of New Jersey. By a party vote the request for the reports of Colonel Chamberlain and Colonel Maus was struck out and a substitute adopted asking the secretary of war for all facts that have come to his knowledge as to the condition of the transport service between San Francisco and the Philippines.

"RUBBER KING'S" WILL.

By Associated Press

London March 13—James Dick the so called "rubber king" who died at Glasgow March 7 bequeathed £100 000 for distribution among his employes and the bulk of the balance of his fortune goes to charities. His cashier gets £5 000 his cook £2 000 and other domestic servants are to receive in the aggregate thousands of pounds. The clerks get from £300 to £500 each.

INEXCUSABLE NEGLECT OF WASHINGTON DOCTOR

By Associated Press

Washington March 13—Charles [illegible] Hagener for many years a well known physician in this city and a member of one of the oldest families in this section was today held for the action of the grand jury as the result of an inquest over the body of a prematurely born baby of Mrs. Peter Blair found yesterday alive and doubled up in a shoe box thrown into a garbage can in the rear of the Blair house. At the inquest today a colored woman pointed to Dr. Hagener as the man whom she saw place the box in the can. The latter admitting he was the man said he fully believed the child was dead at the time. The physician at the hospital where the child was carried after being found testified that the baby was alive when received and the negro woman testified that the child was crying when she found it.

The coroner's jury in its verdict held that the child which was born alive and lived several hours died from hemorrhage of the brain which might have been caused during the premature birth and that Dr. Hagener who attended at the birth was guilty of inexcusable neglect.

MEN WITHOUT COUNTRY NOT ALL IN AMERICA

By Associated Press

London March 13—During the discussion before the Battersea borough council last evening of the proposal to make an appropriation for public entertainment in commemoration of the coronation of King Edward two of the councilors who strongly opposed a celebration of the coronation said the king was a mere figurehead and that it did not matter to the people of Battersea what individual occupied the throne. They ridiculed the idea that the name of the king should be mentioned with abated breath.

The remarks of the two councilors were hissed and the audience cheered the response of a conservative councilor, who said: Traitors to the king ought to be shot dead.

The proposal for an appropriation was passed.

In the Southampton town council a motion to appropriate £1 000 for the purpose of celebrating the king's coronation was declared to be preposterous and illegal and to be forcing the people to pay for things they did not believe in. Surprise was expressed that teetotaller councilors should support such a motion seeing the interest the king had taken in beer making and knowing also that gambling and horse racing were the curse of the country.

The motion for an appropriation was carried by a large majority.

DEAD MAN IS NOT ALLOWED TO MARRY

By Associated Press

St. Paul Minn., March 13—Jim Younger wishes to marry. He cannot because legally he is dead hence is unable to enter into any contract. Younger submitted the question of whether or not he could wed to Governor Van Sant who has looked into the matter with surprising results. In Minnesota a man who is a life prisoner is civilly dead. The only way he can make any binding contract in the eyes of the law is through the board which paroles him. In this case the state board of control which board is empowered to enter into a contract for him. It is not probable however that the three members of the board of control separately or as a whole will agree to enter into a marriage contract with any woman for the benefit of the paroled life convict.

The only way for Jim Younger to become a married man in Minnesota is to get a pardon which will restore him to the rights of a living citizen. Another phase of the law is that neither Jim Younger nor his brother Cole if they establish any business of their own as has been contemplated can be held for any debts which they may incur. In his application to the governor requesting information as to his rights to marry Younger said nothing regarding the proposed bride.

IS THE END IN SIGHT?

State Senate Made Remarkable Progress on Revenue Bill.

A PROBABLE COMPROMISE ON CUBAN RECIPROCITY

By Associated Press

Washington March 13—Late this afternoon the work of harmonizing the conflict over Cuban reciprocity had progressed so far that a [illegible] conference of arbitrators representing the two sides of the controversy assembled to frame a compromise agreement.

The meeting occurred in the private quarters of the ways and means committee room with Chairman Payne and Dalzell and Cannon present in behalf of the ways and means majority element while five members of the opposition namely Representative Metcalf of California Dick and Tayler of Ohio Fordney of Michigan and Morris of Minnesota acted as arbitrators in behalf of the Republicans who have resisted the ways and means original plan of 20 per cent reciprocity for an unlimited period. The conference lasted about two hours and was not productive of final results an adjournment being taken until [illegible] p. m. tomorrow.

All the plans of compromise that have been suggested were reviewed particularly that limiting the reciprocity [illegible] December [illegible]. Beyond [illegible] several plans no action [illegible] When the conference [illegible] discus[illegible] harmonious [illegible] Payne and his associates [illegible] confident [illegible] agree [illegible]

Prior to the meeting of the arbitrators [illegible] the ways and means [illegible] to determine on [illegible] It was decided [illegible] instead of three [illegible] body on representatives [illegible] interested [illegible] not to give the [illegible] power to make [illegible] and re[illegible] was taken [illegible] might be a full understanding [illegible] compromise plan [illegible] the original ways and means plan.

Representative Tawney of Minnesota who [illegible] the contest at the outset was [illegible] the conference, but [illegible] instead nominated the committee [illegible] subsequently named by the conference.

AUSTRIAN COMMENTS ON PRINCE'S VISIT

By Associated Press

Vienna March 13—The newspapers of this city commenting upon the termination of the visit to the United States of Prince Henry of Prussia declare this visit will mark an epoch in the relations between monarchies and republics.

The Neues Weiner Tageblatt refers to the visit of the prince as a striking refutation of the ancient tradition of antagonism between American and European forms of government.

HEAVYWEIGHTS BARRED.

By Associated Press

Louisville Ky March 13—Prize fights between heavyweights or negroes will be barred here in the future. This was the substance of an order issued today by Chairman Brennan of the board of public safety to the fight promoters of this city. The new rule was adopted it is said on account of the reports that an attempt would be made to have the fight between Jeffries and Fitzsimmons take place here. Under the new rule the bouts which had been arranged for Derby night May 3 between Sharkey and Choynski and Ruhlin and Maher, will have to be declared off.

The board of safety has also decided that no boxing will be allowed to take place until the principals have been examined by a physician and to be pronounced in first class physical condition and no negro seconds will be allowed in the boxers corners.

NORFOLK STRIKE

By Associated Press

Norfolk Va March 13—The strike situation was unchanged today. Boys were throwing bricks through the car windows after nigh fall and a lady was struck on the head and painfully injured. More men were employed today.

Colorado College Glee club sings at Victor tonight.

CRIPPLE CREEK NEWS NOTES

Ketch Kuykendall Given Practically the Full Limit of Sentence--Chamber of Commerce.

Cripple Creek Bureau, Colorado Springs Gazette.

Cripple Creek, March 13.—In the district court this afternoon Ketch Kuykendall, who with Hartley J. Lake was found guilty several days ago of assault with intent to kill Lee Glockner in the 400 foot level of Stratton's Independence, Ltd., was sentenced by District Judge Seeds to serve not less than 13 nor more than 14 years at hard labor in the state penitentiary. Lake has not yet been sentenced. Kuykendall was brought into court by a deputy sheriff and after a motion for a new trial had been denied the prisoner was asked if he had anything to say why sentence should not be passed upon him. Kuykendall stated that he had not. Attorney Salisbury, who was attorney for Kuykendall during the trial made an eloquent plea to the court for clemency for the prisoner. He referred to Kuykendall's youth and of his past services for his country in the Philippines where he served with the First Colorado volunteers. Judge Seeds in sentencing the prisoner referred to the eloquence of Attorney Salisbury and stated that he appreciated the fact that Kuykendall had served his country, but that while in this service he should have learned the meaning of life, liberty and the pursuit of happiness. The judge told the prisoner that his conduct during the trial showed that he had no care as to the outcome of the proceedings and that his conduct further showed that he would not have cared if he had killed Lee Glockner instead of only maiming him for life. The limit of sentence in this class of crimes is 14 years. The court ordered the sheriff to take Kuykendall to Canon City within the next 24 hours, and Sheriff Robertson will leave with him tomorrow morning. By good behavior the prisoner can reduce the 13-year sentence to nine years and one month.

Cripple Creek will co-operate with Colorado Springs in the entertainment of the National Irrigation Congress and the National Forestry association which will hold a three-days joint session in Colorado Springs August 12 to 15. At the meeting of the directors of the chamber of commerce of this city a letter was read from Secretary McClurg of the Colorado Springs chamber of commerce, inviting co-operation with Colorado Springs in the entertainment of the delegates and visitors. It is probable that an excursion will be run to the district. The directors referred the matter to the committee on entertainment, consisting of E. R. Walter, A. S. Lamberton and A. B. Shilling. A resolution was introduced and passed requesting that the state legislature repeal the Bucklin amendment, action on which is now pending. The secretary was instructed to write each senator and representative of this district and request each of them to use his best endeavor for the passage of the repeal bill. A letter was read from Congressman Woods of California, requesting that Cripple Creek send a representative to appear before the committee on mines and mining at Washington. This matter was referred to the committee on mines and mining of the chamber.

District Judge Seeds this morning quashed the information in the case of the People versus E. P. Moffett, the assayer charged with receiving $100 worth of ore stolen from Stratton's Independence, Ltd. This action was taken by the court upon motion of the attorneys for the defendant, who held that the information was defective in that it did not state the names of the parties from whom Moffett is alleged to have purchased the ore. Mr. Moffett was discharged from custody. This morning Friedenstein was again put upon the stand for the state and changed his testimony from that given yesterday. He stated that of the 40 or 50 pounds of ore stolen, 10 pounds of ore was taken from the muck pile in this stope. With this testimony the state held that larceny was committed as this ore taken from the stope was personal property. The court upheld the case and ordered the case to proceed. It was at this juncture that the matter of a defective information was brought out. It is understood that Moffett will not be prosecuted further.

The first annual ball given by the police of this city was held tonight at Odd Fellows Temple and proved a big success. The attendance was large and the various committees in charge of the event did everything in their power for the comfort of their guests. The committees were as follows: Arrangements, Bruce Brass, captain of police, and Officers McDowell and Notelius; reception, Chief of Police Burton, Mayor Crane and the city aldermen; floor, Captain of Police Brass and the officers of the department. During the evening delicious refreshments were served.

E. C. Newcomb commenced suit in the district court this afternoon to recover $2,000 insurance from the Merchants Insurance Co. of Newark, N. J. The plaintiff alleges that there was $2,000 insurance on the stock of rough lumber on the Buckhorn placer, one half mile from the Half Way house on the Colorado Springs road. This lumber was valued at $12,000 and was destroyed by fire September 19, 1901. The plaintiff alleges that the insurance company has refused to pay the $2,000 and he therefore asks judgment.

There was to have been an adjourned meeting of the city council this afternoon to pass the appropriations for the year. Owing to the absence of City Clerk Weyand the council met and adjourned until 2 o'clock tomorrow (Friday) afternoon.

The case of the People versus C. S. Sims, charged with manslaughter, will come up for trial in the district court tomorrow morning at 9:30 o'clock. It is alleged that through malpractice Dr. Sims caused the death of Mrs. Harry Buzines. Attorney E. C. Stimson will be associate counsel for the prosecution in this case. The court today announced that the case of the People vs. George H. Kohn, charged with embezzlement will follow the Sims case.

Among the deeds filed for record today with the county clerk were the following: William Gesford to the Colorado City G. M. & M. Co., the Ramey lode No. 9876, containing 7.145 acres, and the Nettie G. lode No. 9876, containing 2.369 acres, consideration $9,500 represented by stamps. J. E. Speer to James B. Allen, 1-8 interest in the Yellow Bug lode, $200. Annie M. Harris to Alfred L. Davis, lot 12, block 17, Cripple Creek, $1. Mrs. Etta Babcock to Mrs. Nettie Falk, lot 13, block 19, Victor, and improvements, $1,200. A. W. Waters to Oscar A. Tharp, 1-2 interest in the Margarette lode on Wilson creek, below Iron gulch, $1; A. L. Davis to F. C. Buford, lot 29, block 3, Capitol Hill addition to Cripple Creek, $700.

United States patents issued to Ellen M. O'Loughlin for the California, Pittsburg and Roswell lodes, No. 11962, and for the Cove Park placer, No. 11474, were filed with the county clerk today.

W. A. Murphy returned today from a business trip to Leadville.

Out-of-town arrivals at the National today were: Charles Schiele, J. F. Sanger, James F. Burns, E. W. Giddings, William C. Robinson, of Colorado Springs; E. S. Simms, H. Ornauer, Gerald L. Schuyler, L. O. Scott and wife, L. LeRoy, A. Lily, Jr., P. P. Harvey, S. G. Williams, W. C. Lyle and J. J. Weicher of Denver, Duncan Bell of Toronto; T. R. Jones of Washington, D. C., Conover Fitch, J. B. McCune and A. J. Frank of Boston; N. B. Higgin of Minneapolis; William Horton of New York; C. H. Wilson of Pueblo; George Kuppinger of Buffalo; J. Reed Elliott of St. Louis; A. Schooley of Kansas City and G. T. Blair of Philadelphia.

Elegantly equipped passenger trains via the Short Line to Cripple Creek daily.

Hefley-Arcularius Drug Co.

2[illegible] South Tejon Street. Phone 44.

A PITHY STATEMENT

Mr. R. [illegible] Hefley of the Hefley-Arcularius Drug Co. Gives An Apt Illustration.

His Views on Vinol Worth Learning.

This is the Preparation That is Being Much Talked About.

A reporter asked Mr. Hefley the same question that hundreds have asked him in the last few days, "Just tell me precisely, please, why Vinol is better than cod liver oil?"

Mr. Hefley replied in his genial way: "You have given me a rather difficult task. I can explain to you in a few minutes the advantages of Vinol but to do it in a half dozen words would hardly be possible. Perhaps I can illustrate its value, however, in a brief manner. Suppose you had never seen a hen's egg. A man who knew of them should tell you to eat three every day. I do not say that you would mind you but I am inclined to believe at the start you would make an heroic effort to get away with the whole thing, shell and all. The meat of the egg would be what you needed, the shell rather superfluous. In fact, as a matter of nourishment not quite the thing for your stomach.

"There you are with cod liver oil. In it you have a medicine or rather in the liver of the cod there is a medicine known to be valuable for certain forms of wasting disease, a great reconstructor. Doctors have administered it for years. They were like the man who had never seen an egg before. They gave it to their patients just as they found it, shell and all. Yes, it is exactly it. The grease was useless and as bad for the stomach almost as would have been the shell of the egg. The kernel, or the meat of the remedy, the vital principles that they were after, were contained in it. Science has stepped in and done exactly what the man with the egg might have done—found a way to separate the healthful interior from the worthless husk.

"Now we have the active medical principles of the cod's liver. We have thrown away the useless encumbrances that formerly encloaked it, namely, the objectionable fat. We have taken this extract, placed it in a delicious table wine and there you are. Patients who have needed cod liver oil and could not take it, have no trouble in taking Vinol. Why, you would enjoy drinking it yourself, so pleasant is it, if I did not tell you it was anything but a mild table wine. If you needed it, however, for a medicine you would soon find it to be something different. The medicinal properties of the cod's liver heal damage done by diseases that are of a wasting nature and the same principles give strength to the weakened digestion and enable the poor sufferer's worn out stomach to digest and obtain nutriment from everyday food. These same principles are also active germ annihilators.

"Yes, I am glad to have you come any time that you care to learn anything more about Vinol. It has already proved itself to be a winner."

NEWS NOTES FROM VICTOR

Much Interest in Thunder Mountain District--Glee Club Concert Tonight.

Victor Bureau Colorado Springs Gazette

Victor, March 13.—Victor people are taking a great deal of interest in the Thunder mountain district in Idaho. A prospecting company has been organized here capitalized for $25,000 and this company will send representatives to the new Idaho gold fields to prospect and procure land. Among the stockholders are J. B. Cunningham, Charles Walton, R. A. Trevarthen, A. A. Rollestone and Frank M. Rendon.

Victor is to have a new steam laundry. Since the fire in this city most of the laundry work has been shipped to outside points and then returned to this city after being mangled. At the meeting of the council tonight, B. F. Ivy appeared and upon securing a reduction in water rates, stated that he would establish a first class plant here in the near future.

The revolver belonging to C. P. O'Brien, which caused so much hard feeling among members of the police department, has been returned to this young man. The revolver was in the possession of Officer Ferrill and he today turned it over to Police Magistrate Kavanagh. Mr. Kavanagh in turn gave it to the rightful owner.

Much interest is being taken in the district in the concert to be given by the Colorado College Glee club at the M. E. church in this city tomorrow (Friday) evening. The members of the glee club will arrive in the city tomorrow and a number of them will be entertained by Mrs. [illegible] Mitchell.

The boilers at the Independence mine were out of order tonight and as a result the night shift was laid off. It is stated that everything will be in working order tomorrow morning.

Mayor Franklin left tonight for Leadville on business.

Harry Cunningham and Barney McGill left this afternoon for the Thunder mountain district in Idaho.

Mrs. E. I. Dickson went to Pueblo today on a visit.

ANACONDA

Special to the Gazette.

Anaconda, March 13.—The board of trustees of this town have passed an ordinance to bond the town for the sum of $10,000, to be used in the construction of a municipal electric light plant. This ordinance will be voted upon by the taxpayers of Anaconda at the spring election. The bonds are to run for a period of 10 or 15 years and will draw 6 per cent. interest. Anaconda at present has no debt outstanding and the bond could easily be marketed.

Mrs. John Rockline left this morning over the Short Line for a two months' visit at Cygnet, O.

J. M. Callender left for Pueblo, where he will reside in the future.

Mrs. D. Z. Ferguson and Miss Rafey Chaires were here today the guests of Mr. [illegible] S. Bolles.

J. W. Ryan of Colorado Springs arrived here yesterday and will remain a few days.

FOR PRESIDENT OF ARMY WAR COLLEGE

By Associated Press.

Washington, March 13.—By the direction of the president Major General S. M. B. Young has been relieved from the command of the Department of California and ordered to this city to accept the presidency of the army war college which is to be established at Washington barracks provided the necessary funds are appropriated by congress. General Young is regarded as one of the ablest and most progressive general officers in the army and was especially selected by the secretary of war to organize and direct the proposed college.

Brigadier General Robert P. Hughes, now on duty in this city as president of the military board of uniforms, has been selected as the successor of General Young in the command of the Department of California.

VENEZUELA REVOLUTION.

By Associated Press.

San Juan, P. R., March 13.—Advices received here from Venezuela say the condition of the revolution in that country is unchanged. The revolutionists are very active and it is reported that they lately had successful engagements with the government forces near Carupano at Guiria and at Pilar but that they have not yet captured any ports or cities.

During the night of March 8 the revolutionary steamer Bolivar appeared before Carupano, took a launch and disappeared in the morning without landing men or attacking the place. Some hours afterward the Venezuelan government gunboats Restaurador and Miranda arrived at Carupano with the intention of attacking the Bolivar. It is said that the revolutionary steamer has recently suffered terribly and that President Castro's fleet hopes soon to dispose of her.

TEN ROUNDS TO A DRAW.

By Associated Press.

Baltimore, March 13.—Joe Walcott and Young Peter Jackson fought 10 rounds to a draw here tonight before the Eureka Athletic Club. It was one of the fiercest battles ever seen here and 3,000 persons were present. Under the conditions of the match Walcott was to put Jackson out or get no part of the gate money. They went at it hammer and tongs at the start and kept it up to the finish, both men being rather groggy at times, but finishing strong. It might have been anybody's fight at any stage and though the sympathies of the crowd were with Jackson, a local man, they were well satisfied with the decision. Jackson showed marked improvement over his form in November last, when Walcott made a chopping block of him, but could not put him out.

THE NEWS OF MANITOU

GAZETTE'S BRANCH OFFICE [illegible] GRANT'S STORE

May Nominate Nichols for Mayor of Manitou

Manitou is interesting itself in the municipal election this year to the extent of talking about the Republican caucus, that is to be held tonight, as if it were a state event. It is rumored that there will be some dissension over the nomination of mayor, but it is said E. E. Nichols Jr., will be the choice.

Mr. Nichols served in this capacity at several previous terms, and during his administrations the affairs of the town were conducted in a business-like way that was satisfactory. His enterprise did much to promote the welfare of Manitou. Besides, Mr. Nichols has considerable interests in Manitou that demand his close touch with all that might be of advantage to Manitou. There is considerable talk in his favor, for, although he has been out of active politics for some time, he has been in sympathy with everything that would be for the good of the town. The caucus will be at the school house tonight.

PARENTS' MEETING AT THE HIGH SCHOOL

There will be a parents' meeting at the High school at Manitou next Friday afternoon at 1:45 o'clock. The program of the afternoon is devoted to a discussion of the influence of art upon children. The general topic is expressed in the heading of the program, "Good Pictures Become an Influence of Perennial Blessing to the School and Home." The program arranged for the day is as follows:

Music, High School Glee club.
Greetings, W. B. Davis.
Echoes from Former Meetings, Miss Margaret Durward.
Paper, "Influence of Art," Miss Maud Hulbert.
Music, High School Glee club.
Address, County Superintendent E. M. Collins.
Some Practical Suggestions, J. P. Treat.
Music, High School Glee club.

After the discussion of the program, refreshments will be served.

BRIEF CITY NEWS

MISSIONARY MEETING—The annual meeting of the Missionary society of the Episcopal church took place yesterday afternoon and evening at the home of Mrs. F. D. Fox. In the afternoon Rev. Mr. Bonnell made an address on the scope and work of the society. The minister from Cripple Creek and Victor was also at the meeting and made a short address. From 5 to 7 o'clock a supper was served. The proceeds were devoted to the cause of missions.

GRAND HOTEL—The new addition to the Grand hotel contains 16 rooms, and the entire building will be completed next week. It is expected to have the hotel open during the latter part of the month. The old part of this well-located hotel is also being repapered and painted.

NEW RESIDENCE—Fred Stringham is building a new 12-room house on the corner of Osage and Manitou avenues. William Frizzell is in charge of the building of it.

PERSONAL MENTION

C. W. Barker is in Denver this week.

W. A. Davis, who has been in the east for some time, returned this week.

Mr. and Mrs. Fred Herberg, who have been in Denver for a great part of the winter, are back in Manitou again.

C. M. Hathaway, of Denver, is visiting friends in Manitou.

"THE SUBLIME ROUTE." THOUGHT IT IMPOSSIBLE MOST WONDERFUL TRIP.
"Our whole family went to Cripple Creek over the Short Line. It certainly was the most wonderful trip I ever had in my life. I had no idea it would be possible to concentrate so much magnificent mountain scenery into so short a ride. You ought to call your road 'The Sublime Route.'" Thus writes a prominent citizen of Colorado Springs. It is the testimony of hundreds of thousands who have made the trip. The present fare is very low, only 80 cents round trip. Better take advantage of it while it lasts.

It's [illegible] social organiza tion [illegible] such things are allowed to happen As a [illegible] ought to [illegible] remedy that will [illegible] employe and employer [illegible] protect the rights of the third party who is [illegible] labor difficulties

[illegible] the sporting [illegible] made in regard to international yacht [illegible] that the Columbia win [illegible] America's cup race last year shall be sent to Europe for a series of races against all comers [illegible] several very interesting [illegible] might be [illegible] including one with one of Emperor Williams boats The other proposition is that a [illegible] be arranged between the Columbia and Shamrock II the latter boat to be sailed by an American, and the former by an English crew This would be novel and interesting and incidentally it might throw some light upon the much discussed question [illegible] to what really caused the American victory last year

The first steamer to sail from San Francisco in the regular direct Manila trade left that city last Saturday She carried general merchandise for the islands from private shippers valued at $[illegible] This is the small beginning of a great business and one that will undoubtedly mean much to all the western states

COLD STORAGE

AN APPARENTLY reliable story comes to the New York Sun from St Petersburg in regard to the discovery of a mammoth preserved in ice in eastern Siberia This is said to have been discovered [illegible] near the river Ebrosowka at the foot of a cliff 100 feet above the water It was lying [illegible] under its body and the discoverer [illegible] down from high ground and had [illegible] This fall must have happened more than [illegible] thousand years ago but there was still grass in [illegible] stomach The body was [illegible] carried to [illegible] a distance of 5,000 miles on [illegible] members of the party traveling on skates

There is nothing impossible in this story which bears [illegible] resemblance to other fanciful tales that have [illegible] from time to time It is quite possible [illegible] could have been buried in the ice and had [illegible] at the present time in the manner stated [illegible] known to have existed in Alaska and [illegible] not know [illegible] report was circulated a few [illegible] had seen a live [illegible]

[illegible] of the discovery and the pho[illegible] were taken of the story [illegible] by scientists and the [illegible]

A GOOD OUTLOOK

THE [illegible] the [illegible] But on the contrary the man [illegible] straight and [illegible] come of words [illegible] found in the fact [illegible] the Western League are not [illegible] found themselves by chance [illegible] the public [illegible] than they ever earned before or [illegible] This year's managers are [illegible] men who are interested in giving [illegible] in ball playing and to [illegible] each game

We [illegible] this year promises to be notable [illegible] and the present [illegible] will deserve and receive [illegible] the communities that it proposes [illegible]

AN OPPORTUNITY FOR EUROPE

THE NATIONS of Europe that are taking so much [illegible] manifest their friendliness for the United States may properly be asked to put some of their talk into a more solid form The coming [illegible] at St Louis offers a good chance for them to [illegible] what their real feelings are As a matter of fact the American cares greatly whether those nations [illegible] the time of the outbreak of the [illegible] Spain All their unfriendliness did us no serious harm and the results showed very plainly that we did [illegible] But the nation that makes the [illegible] showing at St Louis is the one that will take first place in the estimation of a great many American citizens

A large part of the Americans who will attend the [illegible] in St Louis have never crossed the ocean and [illegible] many of them indeed have never seen the ocean [illegible] have their opinions in regard to European nations but those opinions may be considerably changed by what [illegible] of the foreign exhibits at the exposition If [illegible] governments that are now devoting so much [illegible] to proving something that everyone knows is not true would appropriate the amounts necessary to make a good showing at the Louisiana Purchase exposition it would be a much more practical way of gaining the good [illegible] of Americans and especially of the people of the [illegible] west

Prince Henry of Prussia has finished his American [illegible] and at this time is [illegible] on his way back to his home country In every respect the visit to the United States has been a success It has accomplished every [illegible] it was expected to do in the way of promoting friendly feeling between the two nations it has served an important [illegible] in reminding the American people [illegible] of cosmopolitan origin and that the true [illegible] this nation [illegible] friendship towards all and preju[illegible] towards none Further than that there has not [illegible] the entire trip any untoward or disagreeable in[illegible] a great deal of credit is due to the persons [illegible] with the arrangements Doubtless it will be [illegible] to some of the official to get the prince [illegible] There never was any danger from [illegible] but unfortunately not all Ameri[illegible] people in this country who [illegible] little of the genuine American spirit No [illegible] watched more carefully than Prince Henry and it is a satisfaction to know that the measures [illegible] have accomplished their de[illegible]

The Daily Mining [illegible] which is published in Colorado Springs has just issued its annual edition for 1902 It gives an excellent and comprehensive review of the [illegible] accomplishment and resources of this section [illegible] the mining investments of [illegible] Colorado Springs are now extended Special attention [illegible] given to the great gold fields of Teller and Clear Creek counties to the oil regions of Boulder and Debeque and to many other mining districts where Colorado Springs capital is being employed This special edition contains [illegible] pages of reading matter halftones and advertisements and its publishers deserve praise and congratulations for the excellent manner in which it has been prepared

It is perfectly evident that $150 000 is not enough for a public building at Colorado Springs An appropriation of that caliber might be in keeping with the population as shown by the census but it does not correspond to the class of people we have here nor is it in keeping with the kind of buildings that are being erected in this city However it is well to get the matter started and if our friends in congress cannot do any better for us at this session we will be as grateful as we can for the $150 000 appropriation

The striking of a strong flow of natural gas in a well now being sunk at Grand Junction is welcome news but it is not at all surprising The experts all agree that northwestern Colorado is a most promising field both for natural gas and for oil and with the work now being done there even more important discoveries may be reasonably expected

It is said that Aguinaldo is to visit the United States and that he will be entertained at government expense at the Leavenworth, Kan penitentiary. Now what should be done is to fix some kind of a big mousetrap with doors that open only inwards and use him as a bait to catch anti imperialists

FROM THE STATE PRESS

If the picture of Miss Ellen M Stone published in the Gazette of Colorado Springs last Monday be a correct one we will donate one dollar to a purse to induce the brigands to kidnap her again — (Elbert County Banner)

No one with a scintilla of common sense ever expected a legislative body to pass a revenue bill without errors and mistakes in judgment when that bill covered the whole field of taxation We were disposed to overlook a great deal when we found we had a legislature that would rid us of the state board of equalization Now that the corporations have succeeded in buying cajoling and hoodwinking enough members to reinstate that board in its former powers it is again up to the people Not a representative who voted for the amendment should ever be placed in public office — (Gunnison News Champion)

Our Ethereal Mildness

This is a winter resort On the other side of the Rockies they are having snowslides and cold weather East of us they are having flood that are destroying millions of dollars worth of property and killing hundreds of people Who could under these circumstances imagine a better place to live than right here in the Cripple Creek district We have no snowslides no flood little trouble from contagious diseases no cyclones seldom a big fire [illegible] the miners is at the Smuggler [illegible] In addition we have the best of weather the year round While the [illegible] people are snowbound and haven't seen the [illegible] with for months we have been going around wishing we could get enough snow for a sleigh ride Yet we [illegible] hear [illegible] the weather [illegible] Some people [illegible] kick they can't help it — (Victor Times)

[illegible] rumors to the effect that the American Zinc Lead smelter will shortly enlarge its plant to double its present capacity is most encouraging and gratifying news to Canon City and South Canon It has only been a little while since this smelter greatly enlarged its capacity and the contemplated scheme to again enlarge it to double capacity speaks mighty well for Canon City as an eligible point for industries of this kind This [illegible] has been under operation for many years and only once (during a coal strike in the county) has it closed down The management has always been safe conservative and progressive The Clipper hopes for it all manner of success in its contemplated changes — (Canon City Clipper)

This particular community needs a local pyritic smelter and the resources for the maintenance and continuous operation of such a concern are not only in evidence but furthered and developed There is a pyritic smelter here now but the management is at fault and the plant is handicapped by a misunderstanding among the promoters and owners A law suit and other litigation has made it a white elephant and monument of idleness and prevent[s] [illegible] men and capital from investing in a like enterprise and carrying it out to successful operation There is no better field in the state for a plant of this kind and the Herald speaks for and with the people of Ouray county in this instance and will guarantee satisfactory results to any persons or individual taking the trouble to visit this section for a personal and practical examination in the premises —(Ouray Herald)

The Evolution of New York

[illegible] It was only the other day—to be exact in 1889—that Mr Howells in "A Hazard of New Fortunes" made Mr and Mrs March observe the following stage of locomotion from a window in Broadway with the amazement that marked their reflections on the strides that had been made in a few years They recalled the Broadway of [illegible] of 10 or 20 years ago swelling and roaring with a tide of gayly painted omnibuses and of picturesque traffic that the horsecars have now banished from it The grind of their wheels and the clash of their harsh bells imperfectly fill the silence that the omnibuses have left and the eye misses the tumultuous perspective of former times And yet the horsecar has disappeared as completely as the old omnibus had vanished then, and we are now on the eve of contemplated changes in the cable car and electric system of street locomotion The motor car and automobile threaten to annihilate all previous records as a means of transportation and the flying machine may not be so far off as a practicable vehicle of conveyance Indeed Mr H G Wells in his Anticipations which interested the readers of the North American Review for several months past plays the prophet with a vengeance in this respect and certainly makes us feel that we have scarcely yet begun to realize what the scientific appliance of present resources may develop in the future In another generation the whole face of the civilized earth may be entirely changed judging by the standard of the present When we recall Mr Howells who is still with us hale and hearty and his expression of wonder at the progress made from the standpoint of 10 years ago it is no stretch of imagination that [illegible] conceive him 10 years hence ex[illegible] fresh wonder at the great surprises yet in store for him —(Harper's Weekly)

A Light Heart Under Failure.

A light heart under failure is another condition of success which may be written down as an essential No one should [illegible] the deleterious effects of the blues Nothing deadens the heart of enterprise or unstrings the nerve of action like a fit of the blues In one of those beautiful prayers which Robert Louis Stevenson wrote for us in his Samoan household he prayed for courage and gayety and a quiet mind A man who backs up his brains with these three gifts has all the odds in his favor It is next to impossible that he should fail in what he undertakes to accomplish

Gayety is the essence of power What is there in a failure or two to cry about or in a dozen failures when you know you are bound to get there Success is not an external trophy not something you have to hunt or ensnare like a bird Success inheres in oneself or in every true piece of work one does Not the most powerful opposition nor the bitterest or meanest underestimation can do more than delay any success we really deserve Ultimately we and our work must be assessed at its proper value and though we may be dead when the time comes we shall have succeeded none the less Every day we hear of men succeeding in their graves But that only means that the world was slow to see that they had succeeded years ago while they were living and working with us The men themselves we may be sure, though robbed of temporary rewards, knew deep in their hearts that they had succeeded, and confidently left their work behind to report them and their cause aright when the time should come for its value to be understood. To be misunderstood, to be vilified, to be laughed at to die poor and unregarded is not to fail So long as you know without a shadow of doubt, that your work is real and that the very universe is committed to take care of it and compel its recognition you can afford to die with a smile on your lips or the sunshine of success filling your heart —(Richard Le Gallienne in March Success

Judge Alfred Bartow Died Here Yesterday

J[illegible] Bartow, lawyer, former [illegible] senator in Nebraska [illegible] of J. W. Wright [illegible] [illegible] this noon [illegible] at his home [illegible] East Washington [illegible] Judge Bartow [illegible] health [illegible] Bright [illegible] was one of his [illegible] Mr. Wright. The funeral will [illegible] at the family residence [illegible] private [illegible] following tribute [illegible] written by a friend [illegible] classmate of Judge Bartow.

IN MEMORIAM

[illegible] throughout the length [illegible] of our country will be [illegible] when they learn of the death [illegible] Alfred Bartow. A lovable spirit [illegible] disposition, a soul ever [illegible] with kindliness [illegible] and held the firm friend [illegible] who were brought within [illegible] life and influence [illegible] long line of highly [illegible] enjoyed special advan[tages] [illegible] youth. He entered Yale [illegible] where the writer first met [illegible] followed relation of class [illegible] During his college [illegible] attesting to his popu[larity] [illegible] the regard and [illegible] held. He was one of [illegible] the distinctive [illegible] scroll and Key fraternity [illegible] and [illegible] of study at [illegible] Bartow, Hall & Company [illegible] he was [illegible] of the Chicago bar [illegible] spirit of change [illegible] of the west he left Chicago [illegible] Nebraska where he [illegible] state senator and [illegible] [illegible] of his judgeship he came to Colorado Springs where with his wife and step-son Mr. J. W. Wright [illegible] known [illegible] he has lived during the past four years [illegible] retired life [illegible] of health [illegible] activity of the city [illegible] his thought of [illegible] noble and [illegible] remarkably loving and lovable [illegible] years of his [illegible] heard young and old speak of him as dear Judge Bartow [illegible] the affection which his gentle [illegible] [illegible] sweeten and enrich [illegible] brought into [illegible] and to impress his friend with [illegible] sense of his [illegible] and fidelity [illegible] earth will be richer [illegible] mankind poorer [illegible] the remains of Alfred Bartow. May we who for a brief time may walk upon its surface in the cherishing of Bartow's memory in some [illegible] his unfailing courtesy [illegible] his kindly qualities, his eagerness to [illegible] the great movements of his time, his love for his fellow men and although lacking the surface [illegible] of church membership [illegible]

March [illegible] [illegible]

Three Divorces Were Granted in an Hour

[illegible] suits [illegible] county court [illegible] granted [illegible] Colorado Springs [illegible] 1890. Non-support [illegible] Seven years of married life [illegible] when [illegible] divorce was [illegible] in the case of Kate Guy against [illegible] Mr. Guy [illegible] married [illegible] October [illegible] 1886 [illegible] children who were given into the [illegible] of the plaintiff. Non-support was the charge made by Mrs. Guy against her husband.

A jury in the divorce suit of Mrs. [illegible] Fairbanks against [illegible] Fairbanks listened to the testimony of the plaintiff who said her husband was cruel and granted the divorce.

Bill for Extras Was in Conference

[illegible] was held [illegible] yesterday between [illegible] commissioners and county [illegible] [illegible] and [illegible] Gillis Bros. & Kinney [illegible] which claim the commission [illegible] about $11,000 for work [illegible] new building [illegible] attorneys Mr. McPhelin also [illegible] conference. It is said [illegible] commissioners were not favorably [illegible] with the claims made by [illegible] contractors and their attorneys.

When the contractors finished their work of building the foundations and basement walls of the court house they presented a bill of extras amounting to about $11,000 to the commissioners. This bill was for work alleged to have been required by changes in the original specifications. The commissioners refused to pay the bill and the contractors brought suit in the district court.

Yesterday's conference was arranged by the contractors, it is said.

Alert Company Still Waiting for Books

The suit of the Alert Gold Mining company against J. W. D. Stovell for [illegible] of the company, for the possession of the company's books was [illegible] in favor of the plaintiff yesterday [illegible] by Judge Cunningham in [illegible] district court. In the county court a verdict was given for Mr. Stovell and the company appealed the case to the district court.

The suit was begun about six months [illegible] Mr. Stovell had been ousted from office [illegible] faction of the company [illegible] the books and the company brought suit in the county court to recover them. The books were replevined, but Mr. Stovell regained possession of them by furnishing a bond. He was given a verdict later in court and the company appealed to the district court.

The trial in the district court was different from that in the lower court. No evidence was introduced yesterday, the attorneys for the defendant basing his case on the argument that the corporation could not sue its secretary, claiming that Mr. Stovell was still the secretary of the company. After the decision of the court the attorneys for the defendant announced that he would appeal the case and an appeal bond was filed. Mr. Stovell still has the books.

GAVE ADDRESS ON ALEXANDER HAMILTON

[illegible] Zebulon Pike chapter Daughters of the American Revolution held the [illegible] meeting yesterday afternoon with Mrs. Edwin [illegible] [illegible] North Nevada avenue [illegible] invited guests were [illegible] members of the senior class of the High school.

The chapter has offered prizes to the [illegible] who has the highest average in [illegible] history during the spring term.

One of the members of the class, Miss Roberts, rendered some vocal selections very sweetly after the brief business session at the beginning.

The address of the afternoon, a very able and scholarly one on Alexander Hamilton, was delivered by Judge Charles D. Hayt of Denver. Afterwards Mr. Henry W. Randolph of the High school spoke briefly and the meeting closed with the singing of America.

Look out for Herrings big shoe sale. Watch for the date.

Keep your eye on Herring's shoe store.

GILLETTE'S GREAT PLAY TO BE GIVEN TONIGHT

At the Opera house this evening the Daniel Frawley stock company will present William Gillette's great play, Secret Service. It will be a magnificent performance, as is almost everything that Mr. Frawley attempts and the company should meet with a reception worthy of its efforts. Of course Mr. Gillette is receiving a greater ovation in Sherlock Holmes than in anything that he has done, but undoubtedly his greatest play is Secret Service. He, like the rest of the American dramatists, found in the war of the rebellion a theme great enough and a romance deep enough to call forth the best work of which he is capable. Secret Service is a story of absorbing interest with plenty of thrills and plenty of comedy and numerous character parts.

Dan Frawley is one of the best leading men on the American stage, who a number of years ago went into business on his own account. He established a stock company on the Pacific coast and made a tremendous hit with it. He employs only the best talent and such brilliant players as Blanche Bates and Maude Adams are graduates from his company. In the play this evening will be found such people as Phosa McAllister, so long identified with theatricals in the west, and Mary Van Buren, a very talented and beautiful woman. The play is cast as follows:

Gen. [illegible] [illegible]	H. S. Duffield
Mrs. Varney	Phosa McAllister
Edith Varney	Mary Van Buren
Wilfred Varney	Benjamin Howard
Caroline Mitford	May Buckley
[illegible] Dumont	Dan Frawley
H[illegible] Dumont	[illegible] Mather
Benton Arrelsford	[illegible] Johnson
Miss Kittridge	Lily Branscombe
[illegible] Ensign	Owen Dearborn

[illegible] Wilson, Harry King, [illegible] Wm. [illegible] Clark, F. C. Conway, Otto Durbin, Vernon [illegible] Edward Lawrence.

THE TELEPHONE GIRL

No two men ever collaborated more successfully in the production of musical comedy than have Messrs. Hugh Morton and Gustave Kerker, the gentlemen who have evolved nearly all of the productions for the New York Casino during the past 10 years. The Belle of New York, The Belle [illegible], In Gay New York, In Gay Paree and most important and triumphant of all, The Telephone Girl, which will be seen here at the Opera house Monday evening. It has amused many thousands of people in every prominent city and town in the country and is again for its fifth season on the road. As a spirited, rollicking comedy it has entertained the largest audiences everywhere and amassed a great deal of money (the best test of success) for its fortunate owners. It comes now with many altogether new and fresh features, with added specialties and a superabundance of comedy, what the public apparently considers the vogue. In every essential respect it is a new representation so those who were fortunate enough to witness it before can do so again with the assurance that they will see something entirely new.

INTERESTING CONCERT OF OLDEN TIMES SONGS

A unique and enjoyable concert was given at Perkins hall last evening and was warmly received by a large and fashionable audience. The program was in two parts, the first covering the old English music between 1540 and 1760 and the second from 1770 to 1860. In each part the singers appeared in the costumes of the period, the stage was set with antique furniture and tapestry loaned for the occasion by [illegible] and the accompaniments were played on a harpsichord.

The old songs combined as much variety as the subject permitted and were sung with good understanding. The quartets and trios were well balanced and shaded and the solos, especially those of Mrs. Garrison, were delightful in their sweet quaintness. Mr. Crampton was at his best in The Leather Bottel and Mrs. Crampton was very pleasing in her work. The Hamlet [illegible] song, being especially well done, while Mr. Clemence as the fourth member of the quartet not only did well in his part work but sang the lovely old Drink to Me Only With Thine Eyes with finish and feeling.

Mrs. Garrison's voice was peculiarly pleasing last evening, sympathetic, appealing, often dramatic and always sweet. The My Lodging Is on the Cold Ground was rendered with a lingering pathetic quality which was almost passionate and the Sunday Morning was also charming in the same appealing way. It is a pleasure to hear one sing when the voice responds so easily to an artistic conception of the song and a human feeling of its significance.

The other numbers of the program were four little things on the harpsichord by Miss [illegible] Fields, who with all her splendid technique trained to bring out the full possibilities of a modern grand, still made the plaintive old instrument speak in a very individual and apparently natural sort of way. Mr. Bowers rendered Purcell's Golden Sonata with much sympathy and good execution and a minuet was danced in the old costumes and with an eloquent assumption of the grand manner.

BASKET BALL GAME WON BY THE REDS

There was an exciting game of basket ball at the Young Men's Christian association gymnasium last evening between the Reds and Blacks resulting in a score of 7 to 9 in favor of the Reds.

The line up of the teams was as follows:

Reds		Blacks
Valentine	centers	Steele
Mack	forwards	Brigham
McSpadden	forwards	Hurd
Hawkins	guards	Isham
Pollock	guards	Smith

Sulatman, umpire.

The teams will play again on Monday evening.

FOX DAMAGE SUIT WILL GO TO THE JURY TODAY

The trial of the suit of A. H. Fox against the Santa Fe Railroad company for $200 damages for the loss of two horses killed by a train at Pring a year ago occupied the attention of Judge Orr and a jury nearly all day yesterday in the county court. The arguments were completed late in the afternoon and the case will go to the jury this morning after Judge Orr gives his instructions.

In the case of C. P. Bentley against the Lipton Gold Mining company judgment for $424 was awarded the plaintiff by default.

George W. Wigger was given judgment by default in his suit against the Bessie Gold Mining company.

Judge Orr ordered John Holeman, who was adjudged insane recently, taken to a private asylum at Pueblo.

Are you sick? If so, investigate the merits of HERBINE. It is a concentrated medicine, the dose is small, yet it quickly produces the most gratifying results, digestion improves, the lips and cheeks lose their pallor, the eye becomes bright and the step elastic. Price, 50 cents. Hefley Arcularius Drug Co.

WHITE STRAW TURBAN

This pretty turban has the brim faced with chiffon over which is laid a pearl and silk passementerie. Strings of pearls are around the crown. Crush roses are set toward the back.

A. A. WILLITS INTERESTED GOOD LYCEUM AUDIENCE

A. A. Willits of New York proved to a large audience at the Temple theater last night that he is worthy of his reputation as a fascinating lecturer. At the last moment Mr. Willits decided to lecture on Sunshine, or Some Secrets of a Happy Life, instead of The Man for the Age. He illustrated his talk with an abundance of witty and pathetic stories. It was one of the most popular events of the Lyceum course at the Temple this winter.

THREE YOUNG MEN WERE ARRESTED FOR VAGRANCY

Detective Atkinson and Policeman Schofield arrested three young men, all of whom are said to have been in jail before, at a house on West Cimarron street yesterday afternoon. The charge against them is vagrancy, but one of them is said to have stolen an overcoat recently and if the charge against him is proved he will be taken to the reformatory at Buena Vista, as he is on parole from that institution.

The prisoners are William Davis, Charles McKeown and Ed Walsh. Davis is said to have stolen an overcoat from a man living at Peyton but he denies his guilt.

UNFOUNDED RUMOR OF DEATH OF THOS. ORD

The rumor of the death of Thomas A. Ord, a well known contractor, at Los Angeles is without foundation. Mr. and Mrs. Ord went to California some time ago in the hope of improving Mr. Ord's health, which has not been very good for some time, but he is improving very much. The rumor started from the fact that a certain gentleman of the same name as Mr. Ord of this city died in Los Angeles and the conclusion was that Mr. Ord of Colorado Springs was the person referred to.

DAYTON-PAYTON

The marriage of Miss Isabelle Payton and Mr. Charles L. Dayton took place at the Spaulding house on Wednesday night, the Rev. George A. Lomis performing the ceremony. There were a few friends present at the wedding. In the morning Mr. and Mrs. Dayton left for Peyton, where they will reside.

GOLDEN HAS MAPS OF THUNDER MT. DISTRICT

W. A. Golden, city ticket agent of the Colorado & Southern, has received a number of maps and other information on the Thunder mountain district, which has of late received considerable prominence as a gold mining field. Mr. Golden has been over the district a number of times and is thoroughly familiar with it.

HOUSTON LUMBER CO. GOT A VERDICT

The jury in the trial of the suit of the Houston Lumber company against Robinson and Nichols returned a verdict in the district court last night for the plaintiff. The suit was to recover $[illegible] owed by the defendants for lumber purchased from the company and the jury gave the plaintiff the entire amount with interest, amounting in all to $538.50.

The cases of the Short Line against Thomas Thomas and against Clark et al were dismissed in the district court yesterday at the costs of the plaintiff.

In the case of the town of Manitou against the First National bank, Judge Cunningham decided in favor of the defendant. The case had been held under advisement for some time. The plaintiff's attorney gave notice of an appeal to the court of appeals.

Look out for Herring's big shoe sale. Watch for the date.

WILLS FILED AND LETTERS GRANTED

Letters of administration were granted for the estate of Lewis M. Nelson to Anna [illegible] and Victor Nelson yesterday by Judge Orr. The bond was fixed at $1000.

The will of Philip A. Hubbard was filed for probate in the county court by the widow of the deceased. Mr. Hubbard died in Manitou last January 11.

PERSONAL MENTION

[illegible] Ripley of Salt Lake is in the city.

C. H. Wilson of Pueblo is at the Alamo.

Charles Porter of New Haven, Conn., is at the Antlers.

Charles D. Hayt of Denver was at the Antlers yesterday.

Byron Forster of Farmington, Me., is a guest at the Antlers.

W. G. Brownell of Denver is stopping at the Spaulding house.

[illegible] M. Lawrence of Garden City, Kas., is registered at the Alamo.

[illegible] W. Sleeper of Denver is in the city. He is at the Alamo.

W. S. Ellis and C. A. Keeper of Chicago are guests at the Alamo.

C. L. Herrington of Canon City is a guest at the Spaulding house.

Mr. and Mrs. George M. Walker of Denver are guests at the Alta Vista.

W. A. Murphy, of the National hotel, Cripple Creek, is a guest at the Alamo.

George F. Cramer and J. W. Cramer of New York registered at the Antlers yesterday.

Frank [illegible] Hurd and Jno. A. Boyd were among the Denver arrivals at the Alta Vista last night.

A. A. Willits of New York, who lectured at the Temple theater yesterday, is a guest at the Antlers.

Pruno Hobbs and Mrs. A. G. [illegible] and child of Cripple Creek registered at the Alta Vista last night.

J. A. Callahan of Chicago, minister of the Nickel Plate road, and Charles C. Johnson, traveling representative of the same road at Denver, were in the city yesterday.

Denver arrivals at the Alamo yesterday were J. H. Robin, H. J. Currey, W. H. Taylor, Everett Brown, Phillip Garretson and A. S. Wirtiner. Mr. Wirtiner is publisher of the Hotel Bulletin.

Miss Minnie F. Chapman, sister of Mr. H. K. Chapman of [illegible]28 North Wahsatch avenue, left over the Santa Fe yesterday afternoon for Pasadena, Calif. Her brother accompanies her part way. Mr. C. C. Owen of this city goes with her and will remain in Pasadena for some time.

NEW UNDERTAKERS

Modern ideas are finding their way into every line of business nowadays and these ideas are expressive of the spirit of the age, which is a spirit of hopefulness and progress. One would suppose that the undertaking business would naturally be an exception to the general rule but it is not so for the modern up-to-date undertaking rooms are invariably bright and even cheerful in place of the dark dingy and morgue like surroundings so familiar to us in the past.

The habiliments of the dead are now both elegant and rich, nothing being too good for the loved ones taken from us as the last tribute of our affection and there is a philosophy in all this, too. Such an undertaking establishment has recently been opened in this city by the firm of Babcock & Carrington at 19½ E. Pike's Peak avenue.

Mr. Babcock is from Chicago and has had large experience and Mr. Carrington is the younger son of Rev. E. Evans Carrington.

PRODUCT ... FROM ... PROPERTY

Lessee Fitch on North End of Burns Claim Maintaining Steady Output—Washing Machines at the Portland Are Giving Excellent Satisfaction.

Special to the Gazette

Cripple Creek March 1 —C A Fitch, leasing the north end of the Burns claim of the Victor company is keeping up a heavy steady production from his lease which he is putting on a very substantial basis. A shipment of three carloads of ore was closed today and the average returns of $40 per ton are expected from the mineral. Mr Fitch recently acquired a block adjoining his original lease and will do some extensive drifting on the north and south vein which he opened first in the 200 foot level drift. The grade of the ore is running out well and there is some of it that runs into very high figures. The bulk of the ore however will average up something ... $40 per ton.

Herb ... operating a sub lease on another block of the Burns claim today closed a large shipment which consisted of 100 tons of ore. The ore will bring an average of $60 per ton.

St ... Stafford sent out a carload consisting of 20 tons of two mine ore today from his lease on block ... of the Vindicator.

S... & ... have been granted a new lease on block ... known as the company block of the Gold Bond Consolidated company on Gold hill. The lessees have already commenced work and will give the ... the first ... ation ... a drift ... for the Hummer ore shoot.

George Humm... block ... of the Gold Bond Cons company yesterday ... projected ... shipment of ... tons ... ore.

The ... Burns ... of the Portland company ... the ... tract ... on one of his regular trips ... the purpose of examining the

Portland. The new washing machines that were recently installed at the No 1 and No 2 shafts of the Portland are giving eminent satisfaction. These appliances are saving almost three per cent in values which makes quite an item to the company in the course of a year. A large production is being run out from the Portland and all of the rock that goes through the ore houses is put through the washing machines. Each has a capacity of 200 tons daily and they are kept working most of the time.

Steady work was commenced today on the Longfellow property on Bull hill near Independence where the Stratton Cripple Creek company is making arrangements to sink a deep and very large proportioned shaft as rapidly as possible. For the past month Mr Stratton has had a large force of men at work building a large and substantial shaft house and installing a new plant of machinery and everything is now ready for uninterrupted work. The present depth of the shaft is 100 feet and while it is being enlarged and deepened some prospecting will be carried on in the levels already carried out.

A J Hartshorn leasing block 41 of the Anaconda at a depth of 100 feet has just encountered a high grade streak of ore of about four inches in width well sprinkled with free gold. The development on this streak has been started.

The Grinfield lease on the Raaler claim of the C K & N Co on the west slope of Beacon hill has sent one carload of ore to the Rio Grande sampler. The ore is of good smelting grade.

Lessees operating the Burke block of the Anaconda sent a car of ore to the Rio Grande sampler today.

TRENTON CLAIMS WERE PATENTED

By the Company, Which Explains the Expenditure of a Large Block of Treasury Stock Lately Inquired For.

Some inquiry has been made in mining ... as to the disposal of a large block of treasury stock which the Trenton Gold Mining company ... holders have been ... rising ... considerable ... threatening to force a statement from the officers in regard to the matter.

The officers have not proven ... in explaining an expenditure which is perfectly open and above board and is common ... with small mining companies ... the very ... of an organization itself.

When the Trenton company was organized neither the Trenton nor the Paul claims had been patented and some preliminary work was necessary before this could be done. The officers of the company ... the ... of the process ... no ... and ... money ... the titles securely vested in the Trenton company at as early a date as possible, until now for the past 18 months patents have been in the possession of the company for both of the claims.

Those whose experience with small companies is very limited will know that it takes money to patent ground and the price of Trenton stock being small, the block of treasury stock did not go very far when it came to meeting this expense and other incidentals which are bound to come up in the management of any company.

At a time last year when a good strike was reported on the Trenton claim there was a great deal of agitation over the rumor that the claim had not been patented, although the final papers had at that time been obtained. The stockholders of the company will probably find on application to the officers that all the sales of stock and other transactions can be explained to their satisfaction.

GRANFIELD BUYS C. K. AND N.

Having Opened a Good Shoot of Ore Which Shows Around $60 Per Ton, He Is Now in Practical Control of the Stock.

Mr Horace Granfield of Denver leasing on the Raaler claim of the C K & N company has just about secured the control of that company, having been buying the stock quite persistent ... for the past six months. Mr Granfield is a well known mining man over the state and his operations have been marked with success wherever he has undertaken them. He has been working on the Raaler claim for nearly two years in which time he has put down a good shaft and opened what promises to be a very promising body of ore. Mr Granfield could not be reached last evening so it is not known what ... if any are associated with him in the purchase of the control or what his future intentions are regarding the property.

Returns have just been received at the offices of the company in this city from the latest shipment marketed from the Raaler claim amounting to 20 tons which was settled for at the rate of between $55 and $60 in gold to the ton.

Mr Granfield's operations have been conducted through his shaft on the Raaler claim and he has opened what appears to be one of the system of El Paso veins which traverses this portion of Beacon hill and if the showing continues to be as good as during the past few weeks it is likely that another of the legendary shoots of the hill will be developed. Careful development is now being prosecuted at the mine.

PROGRESS SHIPS 20 TONS OF ORE

The Strike Made From the Good Will Tunnel Has Produced This Amount, Supposed to Be Worth $80 Per Ton.

A shipment of 20 tons was marketed the first of the week from the Progress property on Gold hill, the ore having come from the vein recently opened from the Good Will tunnel. Since the discovery was made some development has been carried on in the vein showing it to hold a good average width of ... and ... good ... streak from which the present shipment was ... course of development work. The ore was sampled before it was sent out and it is thought that it will run in the neighborhood of $80 in gold to the ton.

The company has been slightly handicapped in its work by the bad air in the tunnel, the proper ventilation of the drift run to the vein at a depth of 100 feet below the surface being almost impossible. Arrangements are now pending however for the installation of fans in the bore which will clear out the bad air and facilitate the operation of the mine.

This is the deepest strike which the Progress company has yet made, the ore shipped in the past having come from workings nearer the surface and from this fact the officers are finding much encouragement as the values in the upper part of the mine as they are inclined to be in any portion of the district near the surface have been very erratic.

The Gold King claim is divided in two, one part of which is owned by the Savage company mentioned in a mining note on this page and the other by the Progress company.

COLORADO SECURITIES IN DEALS

Two Transactions Involving Good Ground Closed Yesterday—Progress of Work of the Various Debeque Companies.

The Colorado Securities company in which Messrs Parker, Sunderlin and others are interested and which has been the most active corporation in the state in the Debeque oil movement closed two deals yesterday, involving large acreages in the Grand Valley district. One was the sale of 240 acres of land at Parachute sold to the Debeque Mutual Oil & Gas company and the other is the purchase of 800 acres at Rifle which for the present will not be put into a separate oil company.

The 240 additional acres acquired by the Debeque Mutual company gives that concern holdings mounting up to 5000 acres in this valley making it one of the strongest companies in the fields. The company proposes to build at least three derricks in the near future and arrangements have just been made for the erection of one on the Hickman ranch at Rifle. The other holdings are located near Parachute and Debeque.

The Blaine company has its drilling well under way and expects to have its well down 600 feet inside of a fortnight, three shifts being employed.

The Grand Valley Oil company, still another interest of the Colorado Securities corporation has started the erection of a derrick on the Moore ranch, just outside of Debeque and the machinery for drilling is on the way. Drilling will also be started on a block of ground which the company owns within the town limits.

Mr Sunderlin left this city last evening for Debeque to see to the starting of several more wells. The company also keeps representatives at the fields.

BEST SHOWING MADE IN THE DEEPEST CALERA WORKINGS

Officers of the Calera Gold Mining company in Denver are just in receipt of information from the mines stating that the stopes above the winze in the deepest level in the Calera mine proper have just been arranged so that work can be started in the winze and that same is just starting. The bottom of the winze makes the best showing in the mine, the slight amount of work already done showing material improvement in the ore. The building being put up over the mill is also just completed so that the mill will resume work immediately. Various portions of the property are looking well, particular improvement being noted in the Don Enrique vein which is richer and larger than ever before and a considerable amount of ore is being taken from this vein from the drifts that are being driven east and west from the bottom of the shaft. No stoping is being done from these drifts as yet. All the news received from the property is so good that Mr Bogy expresses himself as feeling confident that the stock will continue to feel the effects by advancing.

Attention! Mining Investors.

I will sell 10 000 shares Ferris-Haggarty mining stock, or any part thereof. Client must raise money immediately. Call on or address

Charles F. Fishback,
Rawlins, Wyo.

For all pulmonary troubles BALLARD'S HOREHOUND SYRUP, taken in the early stages, proves a certain and sure specific. It is equally effective in croup and whooping cough, and if used in season prevents the further development of consumption. Price, 50 cents. Hefley-Arcularius Drug Co.

VALUE OF TESTIMONY

Greater Than Assertion

There is none of us so hardened but that when we have been able to aid our fellow creatures by conferring a benefit or bringing a little comfort into their lives we like to have appreciation shown. This generally affords more pleasure than the performance of the act itself and in this connection the following letter from a Paris Texas lady is of more than usual interest.

"Dear Friends —I address you as such for you have been such to me. I suffered for three years off and on with piles. I was treated at the hospital and the new and elegant hospital of Memphis they only gave me temporary relief. I came west thinking the change of air and water would benefit me five months ago the bleeding piles came back on me and bled so much that I thought I would die. I have had four of the finest doctors in this section of Texas all they did was to find it nearly let me go to my grave all they wanted was a big sum of money from me and to operate on me. I said no, no surgeon's knife would enter me. If it was my time to die God knew it and when I died I would die all together. I began hearing about your medicine. I had no faith in you but I sent and got a box of your Pyramid Pile Cure in two days the blood flow had slackened to one-half the amount and in one week I felt so much better I walked four blocks and did a little house work. I was not bleeding then in three weeks I was well. God bless you for putting such a wonderful medicine within the reach of suffering men and women. I shall never cease to recommend your medicine or be without it also I used your Pyramid Pills. Sallie A Houndon."

Testimony like this should be more convincing than all claims and assertions and should leave no doubt in the mind of the reader as to the merit of the remedy. Pyramid Pile Cure is sold by druggists for 50 cents a package or will be mailed by the makers to any address upon receipt of price. Write Pyramid Drug Co, Marshall Mich., for their book on cause and cure of piles.

MINING NOTES AROUND TOWN

The annual report of the Saving Gold and Copper Mining company in interest of the McKinnie Dixie company of this city which will be mailed today to stockholders will show a prosperous condition of affairs of the company's Progress claim in Cripple Creek and a creditable amount of patenting, etc, done on the extensive northwestern holdings of the company. A lease and bond the latter in the sum of $100,000 was granted on the Progress claim last November as announced in these columns at that time and the lessee J D Rankin has been making good shipments since that time, the ore running between $-0 and $400 in gold to the ton. The company owns several Cripple Creek fractions, one of which the San Jose, has just been leased to L E Sherman.

PROMISING PROSPECTS ON MT ROSA SLOPES

Mr John Cather who for some time has been doing prospecting work on the south slope of Mt Rosa was in the city yesterday and reported that he has developed a very promising vein of galena to a depth of 50 feet and is putting the shaft to the 80 foot point to further develop his find which he intimates is very good, although he wishes no assay figures to be published. He is doing patent work now on four full sized claims. Other parties are in the fields and meeting with good indications.

GOOD STRIKE ON THE HILDEBRANDT

A good strike has been made according to reports which are current on the street on the Hildebrandt, situated on Grouse mountain. A cross vein was encountered in a drift run at 300 feet which carries two feet of rock that assays as high as $100 to the ton. Several assays were taken on the ore today, the average of which ran better than three ounces.

STRATTON'S INDEPENDENCE PRODUCING STEADILY

Stratton's Independence is making the usual production of about 300 tons a day. The grade of the ore however, is not as high as it was several months ago. Connections are now being made in an upraise run from the 1150-foot level with the winze sunk from the 900-foot point.

SHIPMENT FROM THE MARY M'KINNEY

A 70 ton shipment was sent out yesterday from the Linnecke lease on the north end of the Mary McKinney company's estate on Gold hill and is estimated to be worth more than $40 a ton.

OPERATIONS ON THE SNOW DRIFT

The Wabash company, owning and operating the Snow Drift claim on Copper mountain, is sinking a shaft on a lead which gives great promise. At a depth of 80 feet the value across three feet of the lead average between $10 and $12 a ton. Float from the shaft before solid formation was reached assayed as high as $200 a ton. The Wabash company is about the only corporation now engaged in active mining on Copper mountain and its operations are being closely followed by mining men interested in that section. A strike at this time when attention is drawn to the northwest end of the district through the Mineral hill discoveries, would cause an immediate renewal of activity on both Copper and Rhyolite mountains.

MANY LESSEES ON THE BONANZA KING

Fourteen sets of sub lessees are now engaged in the development of the Bonanza King on Gold hill and eight of them are making occasional shipments from new discoveries of the present year. One of these sub leases operated by Amos & Summerville has netted more than $500 in 20 days work.

WOODS PEOPLE BUY A VALUABLE LEASE

The Woods Investment company has purchased from the lessees on block 7 of school section 16 known as the Cameron townsite all their rights, title and interest in this property. The indications are that a steady shipper has been opened up in this outside section of the camp. At a depth of 130 feet two feet of pay ore has been drifted on for a distance of about 70 feet. The ore assays with very little sorting from $30 to $60 a ton. One small shipment which was sent out last week went at the rate of 3.68 ounces. The same ore shoot has been opened up on block ... Lyman White who has been working on block 10 has cross cut the dike at a depth of 230 feet and obtained assays on a small streak that went good pay. He has just started drifting on the vein at the bottom.

GREAT DEWEY MINE AT THUNDER MOUNTAIN

Special to the Gazette

Boise, Idaho, March 13 —An afternoon paper today prints the following interview with Newton Hibbs of Lewistown who has received late advices from Thunder Mountain. "The latest reports give figures that justify the claim that the Dewey mine is one of the greatest gold deposits in the world. There is now sacked up on the dump over $5,000,000 in ore that has been assorted from stores that are awaiting the mill. This assorted ore is said to be worth over a dollar a pound. These samples are from the assorted ore taken from a three and a half foot lead that has been traced for over 2 000 feet. The Dewey mill is running only on ore of average value."

The first newspaper plant has been started to Thunder Mountain over the trail and on mule pack. It weighs several thousand pounds and the cost of transportation will range from 25 to 40 cents a pound according to the date of delivery. Geo J Lewis, ex-secretary of state, is at the head of the enterprise.

Many a man fails in life not because he lacks ability or enthusiasm or a general desire to get on in the world but because he lacks steadfastness of purpose.—(Success.

A man can do easily, under the stress of an overpowering conviction what before would have seemed like a miracle to him.—(Success.

FOR LADIES ONLY

Ladies who are particular about their appearance (and what lady is not?) will be glad to learn that in the ladies' toilet room of the sleeping cars on the Burlington's Chicago Special there is a little device—a stove kept hot continuously—which they can use to heat their curling irons.

A little thing—but wonderfully convenient.

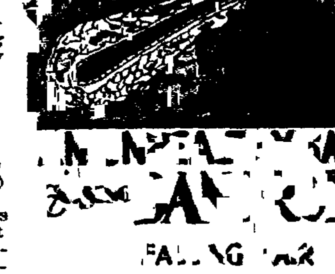

Chicago Special leaves Denver 4 p m—arriving at Omaha next morning, Chicago next evening. Another good train for Chicago is the Vestibuled Flyer, leaving at 10 p m. St. Louis trains leave at 3 p m and 10 p m.

To all southern and southeastern tourist points, also Ft Worth, Texas via Rock Island route. Full particulars at City Ticket Office, No 2 Pike's Peak avenue. 'Phone 78. W W Wood, general agent passenger department.

It's only 50 cents one way, 80 cents round trip, limit five days from date of sale, to Cripple Creek District points via THE SHORT LINE.

THE COLORADO SPRINGS MINING STOCK EXCHANGE

Colorado Springs, March 13.—The mining stock market today was weak. There was hardly a stock in the mines list, where the trading was very slight, which did not show at least a fractional loss, while slight losses were also suffered in the prospects lists, although it was in that class of stocks that the only strength of the day was exhibited. The demand for the stocks which represent new strikes is fairly good, although the disposition to liquidate is very strong and an advance is made and sustained with a considerable amount of difficulty. The best trader by far, as well as the strongest stock, C. K. and N. which sold up to 5⅝ and was traded in to the amount of nearly 30,000 shares again, due to the good showing in the mine and the purchase of the control by the lessee. In the mines list Elkton was weak, selling at $1.19⅝. El Paso lost fractionally to 53. Dante was weak at 4 and although only a job lot of 700 shares of Doctor changed hands at 46, that price can be taken as the market as a board lot was offered at 46 at the close. Isabella gained a fraction to 23¼, but Portland was low at $2.50 and Work stuffed off again, closing at 7⅞. Little Puck opened lower at 6 but recovered ¼ during the call. Nellie V. was a trader to the amount of 4,000 shares at 2½ and Sunset-Eclipse was very strong at 11¾ and a trader, to the amount of 11,000 shares.

EASTERN MARKETS

New York Stock Market.

By Associated Press.

New York, March 13.—Today's stock market was again an affair of specialties, and the movement in the active leaders of the market was exceedingly confused and irregular and presented many direct reversals of the recently prevailing movement in special stocks. The stocks of the largely capitalized railroad systems of the country, which assume the leadership of the market in times of great general speculation, were neglected and almost immovable. In such stocks Union Pacific, Southern Pacific, Atchison, St. Paul and Missouri Pacific, as well as many other usually active stocks, the outside range for the day did not cover more than half a point and in some only a quarter. Yet the large dealings in some of the largely capitalized industrials and in railroad specialties of small capitalization there was sufficient activity to give the market some appearance of animation. Amalgamated Copper continued the most active stock in the market and the acute weakness of yesterday was overcome by vigorous support. After ruling a fraction below last night during the early part of the day, it rose above in the afternoon and finished with a net gain of a point. Sugar took Amalgamated Copper's place in the column and suffered an extreme decline of nearly three points but recovered all but a fraction of it. The varying opinions on the chances of Cuban sugar for a tariff concession were the speculative matter in this stock. Manhattan was very active and advanced strongly. An uncovered short interest was reported to be a figure in this advance, but reports were circulated of large earnings. Other strong points were North American, the International Silver stocks and a number of minor specialties without any explanation. Strength in the soft coalers was due to the belief that agreements had been reached with the miners. The anthracite roads, on the other hand, reflected a recurrence of uneasiness over the labor question, due to reports of a threatened strike in the Lackawanna company's mines. Reports of labor controversies in various parts of the country were discussed with interest and were a somewhat depressing factor generally. The anthracite roads in consequence were interrupted in their advancing tendency of yesterday. The rise in St. Louis Southwestern preferred was due to the announced success of the plan for the conversion of the company's second income bonds. Trade reports from the iron and steel industry were responsible for the advance in the stocks of companies in that trade, in which the United States Steel stocks participated only moderately, owing to the discussion of the proposition for a bond issue for retirement of part of the preferred stock and for acquiring additional properties. While special stocks were advancing, others were affected by profit-taking sales, after having enjoyed recent substantial advances. The deposit of three-quarters of a million dollars at the sub-treasury for transfer to San Francisco called renewed attention to the situation of the money market. Not counting this withdrawal the sub-treasury operations and previous transfers and gold exports show losses by the banks since the last statement of $6,000,000 as against a surplus last Saturday of only $3,580,476. Call money went to four per cent. again today, but the unruffled calmness of the market indicates some hidden process of relief going on against the depletion of reserves. There was no relaxation in the London money market to lay, but the period is approaching when the government must begin to disburse recent large collections of revenue. Today's strong statement of the Bank of France, with a further substantial addition to its already unprecedented gold action, suggested lightened requirements from that quarter. The future international movement of gold, however, is still in doubt.

Bonds were irregular. Total sales par value $3,310,000. United States new 4s registered declined ⅛ and the old 4s ¼ per cent. on the last call.

Continuous quotations, N. Y. stocks, bonds, cotton, Chicago grain, provisions. Wm. A. Otis & Co., 127 E. Pike's Peak.

Bar silver 54¼. Mexican dollars, 43½.

Bonds—Government, weak; state, inactive; railroads, irregular.

The London Market.

By Associated Press.

New York, March 13.—Commercial-Advertiser's London financial cablegram:

Business remains slack and the tone dull. There were three stock exchange failures today through the weakness of Kaffirs. One was a broker and two were jobbers, one of the latter being connected with a bank. The latter had a balance of £200. He was long 16,000 shares of Chartered Thrler trust, Goldfields and De Beers. Some other members were arrested.

American stocks were idle but reflected New York's cheerfulness. Southern Railway was the strongest, in anticipation of full preferred dividends.

Rio Tintos opened flat on the break in Amalgamated Copper. There is talk that the last named stock will pass its dividends and that there will be a fresh cut in copper prices. Rio Tintos touched 45¾, but spurted to 46¾ on the dividend action, closing at 46¼. The dividend was 37½s, whereas only 35s had been expected. Anacondas were 7-16 down to 6 5-16 and copper was down ⅜. Money ruled strong on settlement demands. The market borrowed heavily.

Kaffirs.

Cabled quotations on Kaffirs and Stratton's Independence. William P. Bonbright & Co., 29 N. Tejon street.

Chicago Grain and Provisions.

By Associated Press.

Chicago, March 13.—Grain markets were characterized by weakness, but strength developed later, particularly in the coarse grains; but in the end the usual springtime decline seemed to be in order and May wheat closed ⅞@1c lower, May corn ⅜@½c lower and May oats ⅛c higher. Provisions, after opening strong, closed a shade to 5c lower.

The leading futures ranged as follows:

	Open.	High.	Low.	Close.
Wheat, No. 2—				
May	76¼	76½	75½	75½
July	76⅞	77	76	76
Sept	76⅛	76½	75½	75⅝
Corn, No. 2—				
May	62¼	62⅞	61⅞	61⅞
July	61⅞	62⅛	61½	61½
Sept	60⅛	60½	59⅞	59⅞
Oats, No. 2—				
May	45¼	45⅞	45¼	45½
July	38⅞	39¼	38⅞	38⅞
Sept	30⅛	30⅜	30¼	30⅛
Mess Pork, bbl—				
May	15.17½	15.50	15.10	15.20
July	15.60	15.65	15.55	15.55
Lard, 100 lbs—				
May	9.45	9.47½	9.42½	9.40
July	9.55	9.57½	9.55	9.55
Sept	9.67½	9.70	9.65	9.67½
Short Ribs, 100 lbs—				
May	8.42½	8.50	8.40	8.40
July	8.55	8.60	8.52½	8.52½
Sept	8.67½	8.70	8.65	8.65

Cash quotations were as follows:

Flour—Easy.

No. 2 spring wheat, 74@75c; No. 2 red, 82½@83½c; No. 2 oats, 45½c; No. 2 white, 47@47½c; No. 3 white, 45@46½c; No. 2 rye, 57½@60c; fair to choice malting barley, 60@65c; No. 1 flax seed, $1.68; No. 1 northwestern, $1.72; prime timothy seed, $6.45@6.50; mess pork, per bbl., $15.25@15.30; lard, per 100 lbs., $9.32½@9.35; short ribs sides (loose), $8.25@8.45; dry salted shoulders (boxed), 7½@7¼c; short clear sides (boxed), $8.65@8.75.

Articles.	Receipts.	Shipments.
Flour, bbls	21,000	25,000
Wheat, bu	60,000	39,000
Corn, bu	118,000	30,000
Oats, bu	123,000	111,000
Rye, bu	9,000	9,000
Barley, bu	23,000	17,000

On the produce exchange today the butter market firm; creamery, 18@25c; dairy, 18@23c; cheese steady, 10¾@12¼c; eggs firmer, fresh, 15@15½c.

The Metal Market.

By Associated Press.

New York, March 13.—The metal markets were dull. Tin declined about 25 points and 10s at London. That market closed with spot at £115 and futures at £111, 7s 6d. New York closed with spot at $26.25 to $26.45. The demand was moderate here. Copper was ⅛ lower for lake which closed at 12⅛ to 12⅜; electrolytic was quoted at 12 to 12⅛ and casting at 12 to 12¼. London closed 7s 6d lower at £54, 2s 6d for spot and £54 for futures. Lead was quiet and steady at 4⅛. London was unchanged at £11, 8s 9d. Spelter was unchanged here and at London. Here at $4.22½ to $4.27½ was quoted; at London closing price was £54, 2s 6d and futures at £54. Iron was steady locally. Pig iron warrants closed nominal; No. 1 foundry, northern, $18.50@19.50; No. 2 foundry, northern, $18@19; No. 1 foundry, southern, $17.50@18; No. 1 foundry southern, soft $17.50@18. English markets were firm, Glasgow closing at 53s and Middlesboro at 47s.

Chicago Cattle Market.

By Associated Press.

Chicago, March 13.—Cattle—Receipts, 7,500; including 275 Texans; heavy steers, slow; others steady to strong. Good to prime steers, $6.50@6.95; poor to medium, $4.25@6.30; stockers and feeders, $2.50@5.25; cows, $1.40@5.50; heifers, $1.50@5.60; canners, $1.40@2.40; bulls, $2.50@4.90; calves, $3.00@6.50; Texas fed steers, $4.75@5.90.

Hogs—Receipts today, 22,000; tomorrow, 21,000; left over, 4,000; strong 5 cents higher; closing dull. Mixed and butchers, $6.00@6.50; good to choice heavy, $6.40@6.60; rough heavy, $6.10@6.30; light, $6.00@6.25; bulk of sales, $6.10@6.45.

Sheep—Receipts, 8,000; sheep, active; lambs, strong. Good to choice wethers, $4.50@5.25; fair to choice mixed, $3.75@4.50; western sheep and yearlings, $4.00@5.90; native lambs, $4.00@6.60; western lambs, $5.25@6.50.

Official yesterday:

Receipts—Cattle, 16,725; hogs, 25,484; sheep, 14,178. Shipments, cattle, 3,961; hogs, 6,715; sheep, 985.

Coffee Market.

By Associated Press.

New York, March 13.—Coffee—Rio, dull; No. 7 invoice 5⅝c; mild quiet; Cordova, 8@12c.

Continuous Quotations

STEEL STOCK TO BE CHANGED TO BONDS

By Associated Press.

New York, March 13.—George W. Perkins, chairman of the finance committee of the United States Steel corporation, said today that several propositions to convert a large block of Steel preferred into five per cent. bonds are now under consideration, but none, he said, had taken definite form.

Latest reports as to the refunding scheme are that $200,000,000 of the preferred stock, which pays seven per cent. interest, is to be retired against an issue of $250,000,000 bonds, the extra $50,000,000 of bonds to be used for the purchase of other properties or for additional working capital. On this particular point Mr. Perkins said:

"This is one of the several propositions now in hand. It would be misleading to say that it is likely to meet with greater favor than the others. We are giving the matter our serious consideration and any action we may advise will be for the best interests of the stockholders."

BRITISH COMMENTS ON DECISION OF MINISTERS

By Associated Press.

London, March 13.—The official announcement yesterday of the abandonment of the proposed visit of King Edward and Queen Alexandra to Ireland whereby the ministers assume the responsibility for an imperial boycott, is quite unprecedented in form and causes keen discussion, the general tone of which is distinctly adverse to the action of the cabinet, which is interpreted as displaying petty spite and spleen. The suggestion sought to be conveyed, both by the announcement itself and the comment of the ministerial organs, that the decision arrived at was directly due to the outburst of some of the Irish members in the house of commons when the news of the disaster to General Methuen's column was officially communicated to that house is declared by hostile critics to be obviously false, as it was announced weeks ago that the visit would be postponed. Those critics also assert that there seems good reason to believe that their majesties themselves all along desired to carry out the coronation visit, and though they have deferred it on the advice of the ministers, they have no intention of relieving the latter from the onus of a tactless move.

The Freeman's Journal voices the Nationalist views, saying:

"The ministers have put a veto on the intended visit of the sovereign to a portion of his dominions. It would be difficult for his majesty to reject the veto of his constitutional advisers; but it is plain that he insisted that the responsibility should be theirs and not his. His ministers could not venture to allow the king to see with his own eyes and and hear with his own ears of the barbarous methods of the castle and the deep resentment of his people. His presence here would have been a sore encumbrance to the coronationists. There was imminent danger that his visit might have converted him to home rule or confirmed his existing conviction. Therefore, the ministers in their own interest and in the interest of unionism, have forbidden the visit."

The London Times today prints a letter dissenting from the suggestion that if John Redmond had been in the house of commons when some of the Irish members cheered the announcement of General Methuen's defeat and capture, he would have rebuked his followers for their outburst of exultation. The writer refers to the meeting at Chicago last autumn "in honor of the Manchester murderers," which Mr. Redmond addressed, and to the "proceedings which were officially opened by Finerty, the dynamiter." After quoting the resolution passed at that meeting, and also referring to a speech at New York, in which Mr. Redmond was quoted as advocating the hanging of Mr. Chamberlain, the writer asks:

"Why should a man holding such opinions restrain the rejoicings of his followers at a British defeat?"

During the debate on the civil service estimates in the house of commons today, John Redmond, the Irish leader, moved a reduction of the salary of the chief secretary for Ireland (George Wyndham) and proceeded to incisively criticise Mr. Wyndham's policy, asserting that the latter was engineering a conspiracy to misrepresent the condition of the country, in order to give a colorable excuse for coercion. Mr. Redmond said coercion would not kill boycotting, but it would exasperate the Irish people at home and consolidate them abroad. He sincerely hoped however, that the Irish would not be betrayed into the commission of crime.

Mr. Wyndham, in replying, said that already a great many illegal acts had been perpetrated in Ireland. He wished it to be understood that he, both personally and officially, was responsible for whatever repressive steps were taken by the government. He admitted the constitutional right of the people to assemble and proclaim their grievances, but where crime was about to be committed an assembly became unlawful and it was the duty of the government to prevent it.

PEYTON

Born, March 6, to Mr. and Mrs. Charles Wade, a daughter.

Martin Wolfe of Colorado Springs came up Thursday to look after his ranches.

Mr. J. W. Henderson of Midland City, Ill., has bought the 1,600-acre ranch of W. W. Gow and has moved thereon.

[illegible] FROM Dyspepsia and Stomach Trouble

Instantly Relieved and Permanently Cured by Stuart's Dyspepsia Tablets.

A New Discovery, but Not a Patent Medicine.

Dr. Redwell relates an interesting account of what he considers a remarkable cure of acute stomach trouble and chronic dyspepsia by the use of the new discovery, Stuart's Dyspepsia Tablets.

He says: "The patient was a man who had suffered, to my knowledge, for years with dyspepsia. Everything he ate seemed to sour and create gases in the stomach. He had pains like rheumatism in the back, shoulder blades and limbs, fullness and distress after eating, poor appetite and loss of flesh; the heart became affected, causing palpitation and sleeplessness at night.

"I gave him powerful nerve tonics and blood remedies but to no purpose. As an experiment I finally bought a 50-cent package of Stuart's Dyspepsia Tablets at a drug store and gave them to him. Almost immediately relief was given and after he had used four boxes he was to all appearances fully cured.

"There was no more acidity or sour, watery risings, no bloating after meals, the appetite was vigorous and he has gained between 10 and 12 pounds in weight of solid, healthy flesh.

"Although Stuart's Dyspepsia Tablets are advertised and sold in drug stores, yet I consider them a most valuable addition to any physician's line of remedies, as they are perfectly harmless and can be given to children or invalids or in any condition of the stomach with perfect safety, being harmless and containing nothing but fruit and vegetable essences, pure pepsin and Golden Seal.

"Without any question they are the safest, most effective cure for indigestion, biliousness, constipation and all derangements of the stomach, however slight or severe."

[illegible]

This Hardly Expresses What Colorado Springs People Say of It.

Any itchiness of the skin is annoying.

Little danger in itching skin diseases. But they make you miserable.

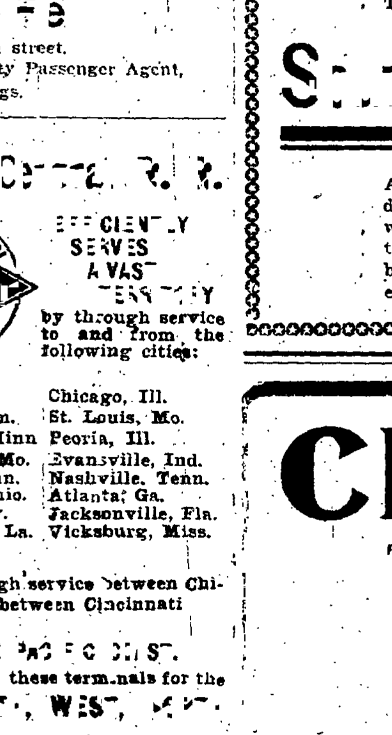

Doan's Ointment is a never-failing cure.

For piles, eczema, all itching troubles. Colorado Springs citizens indorse it.

Mr. E. E. Griswold of 316 East Huerfano street says: "I had occasion to use Doan's Ointment. Before I went to Jones & Wellington's drug store, 109 N. Tejon street, for it I had used everything that heretofore came to my notice; had been treated by doctors, but the trouble was not even checked, let alone cured. Doan's Ointment did as promised. It is worth many times its cost."

For sale by all dealers; price 50c. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no substitute.

Two heads are better than one. One of the highest salaried designers in the country modeled this new spring shape and one of the best judges of woolens in New York selected the cloth—the result is the best looking and best wearing trousers for $5 to $8. The high class tailor is not in it, and the common tailor cannot touch it.

[illegible]

BEST CHOICE ADDITION NO 2.

[illegible] ... and the Colorado Midland ... includes the ... Holmes ranch.

[illegible] this addition ... purchaser of ... and dollars ... to the purchaser.

The sale ... real estate office of ... Kimmie.

The first ... home addition ... and it is now becoming a nice ... up part of the city.

BRIEF CITY ITEMS

Another three story building ... prospect in this city and will be located on the ... in the central part of the business section. It will be 25x90 feet, the first floor to be occupied by a saloon barber shop and bath establishment. The second and third stories will be fitted up as furnished rooms for rental purposes, with bath on each floor, the building to be heated by steam. Negotiations for the site are now going on, the matter of a few hundred dollars alone standing in the way of closing the deal, but our informant ... that it will be only a matter of a few days when the deal will be closed and the edifice commenced, of which more will be said later.

Randels & Edmisson is the name of a new firm that has engaged in business at the old stand formerly known as the Boston store. The gentlemen ... from Colorado Springs, where they have been in business, and in their new location will keep a first class grocery store and meat market and with their well known push and energy are bound to build up a good business.

The delivery team of Randels & Edmisson ran away yesterday morning, depositing the driver in the street ... moving street car, but the car was stopped within a few feet of the prostrate man, who was but slightly bruised. The team continued and made mincemeat of the vehicle. It was Randels & Edmisson opening day.

C. J. McC... has purchased the ... rooming house at ... Colorado avenue and has brightened up the interior and made many ... improvements that will ... to the comfort of guests.

A barber from the Springs has rented half of the room occupied by A. M. Kendall's real estate office on Colorado avenue and will occupy the same with two new barber chairs within a few days.

On ... drunk was before Judge Pate ... and in consideration of his at one time having been a resident of Missouri ... was given 20 minutes to leave town, which he accomplished in half the time.

Lot ... has been sold to a party who will at once erect a two story building, 30x90, the lower part to be used as a storeroom. It is on Colorado avenue between Tenth and Eleventh streets.

A. M. Kendall has sold three lots adjoining the reduction works street car station, Colorado avenue, to a new arrival from Kansas, and lumber is being placed on the ground for three new residences.

Ground will be broken tomorrow for Jacob Schmidt's new residence, corner Third and Colorado avenue, to be modern in every respect and to cost about $...

Fisher, the horseman, unloaded a car of ... Kansas draft horses yesterday and has quartered them at his place on Tenth street.

... Dunbar of the Walson Grocery company commenced yesterday the erection of a five-room modern cottage ... and Ninth.

... is improving his Lincoln avenue residence with a new lawn and barn and is connecting his property with the sewer.

... Kellogg laid the foundation ... for an $1800 residence on Colorado avenue between Ninth and Tenth streets.

... has started a new house on Lincoln avenue near Eighth street.

The Western Tea and Coffee company is the name of a new firm just opened for business at 409 Colorado avenue.

FOR SALE—One ... pool table ... All in good order ... Will ... trade. Call ... Colorado avenue.

The Western Tea and Coffee Co. will ... business Saturday, March ... full line of teas, coffees, baking ... extracts and spices. A special ... will be ... Saturday and Monday. All goods guaranteed or money ... Western Tea & Coffee ... Colorado Ave.

... Western Tea & Coffee Co. ... Colorado Ave. ... Colorado City.

PERSONAL MENTION

The young son of C. McDowell is reported quite sick.

W. H. O'Brien's little child is on the sick list but was improving last evening.

C. N. Snyder of the firm of Murray & Snyder has gone to Leadville and Basalt on a business trip.

C. J. Barnes is now occupying his new building in West Colorado City carrying a stock of groceries and provision.

D. Dooley and George P. Geiger are home from their hunting trip to the San Luis valley, killing a number of ducks and geese.

John M. Tickle ... and J. J. Stein ... went to Pueblo yesterday, where they are selling lots in an addition to that city recently purchased.

An even dozen people from Missouri arrived in Colorado City yesterday, every one of them expecting to locate in and about the city. The local Missouri population is already very large.

St. Louis, March ... The first annual report of the Louisiana Purchase company ... complete from the start ... in getting ... The report ... from March ... till the date on which the president approved the act of congress appropriating $5,000,000 for the ... defining the purpose and ... St. Louis had ... raised $5,000,000 by subscription ... the pledge of the city ... The organization was ... with 93 directors. On ... the site was selected. On September ... stake was driven with fit... The site was then sur... and on December ... four great ... of Louisiana ... and other distinguished ... member of the board ... director ... first shovelful of earth ... marking the beginning of the ... work. Since that time the ... the sewer system has been pushed forward, the ticket of ... the River Des Peres ... a new underground ... has been nearly completed and contract for two of the great exhibit buildings have been let and work begun upon them. The organization of the several exhibit departments has been ... accomplished and ... them substantial progress has been made. As the buildings provide for 200 acres of floor space, the proper allotment to the various departments has required much careful study. The classification has been made and adopted for the government of all departments and the work of exploitation in foreign countries well advanced. There will be about 15 mammoth exhibit buildings and hundreds of lesser ones to make up the wonderful exposition city that St. Louis has undertaken to create and equip. The countries which have officially accepted the invitation to participate in the exposition are as follows: France, Japan, Venezuela, China, Greece, Nicaragua, Mexico, Costa Rica, Salvador. The invitation is receiving favorable consideration in many others, with fair promise that the representation will be complete. The exposition has been prominently exploited in the states and territories of the United States, particularly in those in which the legislatures have been or are in session. Favorable action has been taken by many states. Missouri leads the list with an appropriation of $1,000,000; Illinois following with $250,000. The ... from Texas is that the ... building alone at the exposition will represent an expenditure of $50,000. Arkansas expects to put $200,000 in her exhibit. Indian territory expects to expend $100,000. Commissions authorized by law or appointed by governors are at work for the following states: Arkansas, Kansas, Texas, Colorado, Maine, Washington, ... West Virginia, Florida, Montana, Wisconsin, Idaho, Nebraska, Wyoming, Illinois, New Hampshire, Iowa, Pennsylvania, Arizona, Indian territory, New Mexico, Oklahoma, Porto Rico, the Philippines and Hawaiian islands.

NOT HEAR.

The Germs of La Grippe are Conveyed Through the Atmosphere

No one can escape the la grippe germ because when an epidemic of the disease is prevailing the air is laden with it.

The reason that everyone does not have the disease at the same time is because the persons who are enjoying perfect health are able to successfully resist and throw off the infection, while those who for any reason are not in the best of health fall ready victims.

The first symptoms are those of ... cold ... resembling a hard cold, and if prompt treatment is applied at this time ... will be broken up. One of the best remedies at this stage is Stuart's Catarrh Tablets, sold by druggists everywhere, and if taken freely ... the danger of pneumonia ... complications will be averted.

The Rev. ... Palmer, Baptist clergyman of ... Mich., makes a statement of interest to all catarrh and grip sufferers ... Stuart's Catarrh Tablets ... to me. I have ... them ... and what ... grand against ... grippe ... that tablets ... which I have used ... years. I feel ... confidently ... them.

... suffer from ... of the head and throat are very susceptible to la grippe ... will ... pleasant ... convenient ... remedy in this new catarrh cure.

Stuart's Catarrh Tablets ... composed ... in the ... as ... they ... contain ... drug ... kind.

The Jolly Ohio Senators

There is always something interesting said when Senator Hanna and Senator Foraker meet. When the latter crossed the room to greet his distinguished colleague he asked in reference to the legislative fight in Ohio:

"Hello, senator, how did you like it?"

"Fair ... middling," replied the Ohio ... with that broad gentle smile ... with a poke at Foraker's handsome embroidered vest, he inquired:

"Now will you be good?"

There was another hearty handshake and the senators from Ohio gave the distinguished body an example of how to be good though rivals.—Joe Mitchell Chapple in the March National.

CONGRATULATIONS OF PRESIDENT AND EMPEROR

By Associated Press

Washington, March 12.—The following cablegrams were made public here today:

Wilhelmshaven, March 12

President of the United States of America, Washington:

Now that my brother has left the hospitable shore of the United States homeward bound, I feel it a pleasing duty to express to you how deeply grateful I and the whole of the German people are for the splendid hospitality and the cordiality of the reception which was accorded to Prince Henry by all classes of the American people.

My outstretched hand has been met by you with a firm, manly and solid grip. May heaven bless our relations with peace and good will between the two great nations. My best compliments and wishes to Miss Alice.

William I. R.

Washington, March 12

Emperor William, Wilhelmshaven:

Your brother's visit to this country has accomplished much in showing the depth of kindly feeling which exists between the two nations. It has been most fortunate in every way, and I trust you will permit me to congratulate you on the admirable manner in which he has borne himself. He has won the genuine and hearty sympathy and regard of all with whom he has been brought in contact. We have welcomed him for his own sake and we have welcomed him still more heartily as the representative of yourself and of the mighty German people. I thank you and in the name of the American people for what you have done and I thank you personally in addition for the gracious form which your courtesy took.

Theodore Roosevelt.

NORFOLK STRIKE

By Associated Press

Norfolk, Va., March 12.—The cars of the Norfolk Railway & Light company continued to run today without military guards and no violence resulted. Eight companies of the Seventy first infantry will be retained in Norfolk until all danger has disappeared. Meantime four of the commands from nearby points have been relieved from duty.

The strikers and officials of the company are in correspondence and it is believed that a compromise will be effected.

MEETING OF THE WESTERN LEAGUE

Magnates Met at the Brown and Did Important Business—Schedule Will Not Be Made Public Until April.

Special to the Gazette

Denver, March 12.—Representative in person or by proxy of all the cities in the Western league as its probable circuit has been announced met at the Brown Palace hotel in this city this afternoon and this evening and transacted a great deal of important business preliminary to the opening of the league baseball season during the closing week in April. The meeting was an enthusiastic and wholly harmonious one and the magnates are of the opinion that the coming season will be the most successful that the cities included in the circuit have ever known.

The schedule for the season was not announced. A schedule committee was appointed and it will make up the schedule and give it to the Associated Press to be published by all the papers desiring to use it on the first Sunday in April.

Those present at the meeting were President James Whitfield of Kansas City, Thomas J. Burns, S. N. Nye and H. S. Rogers of the Colorado Springs club together with William Everett, captain and manager of the Colorado Springs Millionaires; W. A. Rourke of Omaha for himself and by proxy for Des Moines; D. C. Packard and R. R. Burke of Denver; Charles Nichols of Kansas City; W. F. Van Brunt of St. Joseph for himself and by proxy for Milwaukee; President Whitfield by proxy for Peoria, Ill., and J. J. Barton of St. Joseph as secretary of the league.

Thomas J. Burns of Colorado Springs, owner of the franchise in that city, was unanimously elected vice president of the league, an office that has not heretofore existed.

The formal adoption of the eight club circuit was made, the cities included in the league membership being Denver, Colorado Springs, Omaha, St. Joseph, Kansas City, Des Moines, Peoria and Milwaukee. Mr. Packard, for the committee on revision of the constitution and by-laws, made his report recommending some minor changes which were made. The league ratified the action of President Whitfield as the representative of the Western league at the Buffalo meeting of the American Association of Minor Leagues. Mr. Whitfield expressed the opinion that the joint committee would at an early date announce a modification of the rules regarding foul strikes.

The schedule committee appointed consists of Messrs. Rourke, Packard, Everett and Nichols. The committee is now at work and the schedule will be completed before the members of the committee leave Denver.

Permission was granted to Denver and Colorado Springs clubs to issue season books not exceeding 200 in number if the management desire. President Whitfield approved the appointment of F. B. Abernathey as substitute umpire for Colorado Springs and Mr. C. S. Keep as official scorer. The regular umpires for the league have not yet been appointed but the announcement of them is expected soon as it is understood they have been determined upon. At the evening meeting representatives of the Spaulding and Victor baseball manufacturers were before the league in the interest of their goods. The Spaulding ball was adopted unanimously.

The schedule will be made up to include 140 games for each club. Of these 70 will be played on the home field of each club and an equal number away. The league season will open the last week in April and will continue until the end of September, a month longer than the season last year.

President Whitfield and all the members of the league present expressed themselves as greatly pleased over the outlook for the season. The affairs of the league are in perfectly harmonious hands and there is apparently nothing in the way of a thoroughly successful season. The meeting will continue tomorrow, there being still many minor details to be disposed of.

TWENTY DROWNED ON AN OVERTURNED STEAMER

By Associated Press

Vicksburg, Miss., March 12.—The steamer Providence, plying between this port and Lake Palmyra, was overturned at 2 o'clock this morning by a sudden squall at Lone Landing and 20 of her passengers and crew were drowned. The dead:

CAPT. WILLIAM CASSIDY of Vicksburg, master.

CHARLES ROUP of Vicksburg, chief engineer.

CLYDE SCOTT of Vicksburg, cotton seed buyer.

DR. N. A. LANCASTER, a prominent physician and planter of Palmyra neighborhood.

Sixteen colored roustabouts and deck passengers whose names have not been reported.

The ill fated boat left here at noon yesterday on her regular trip carrying a large miscellaneous cargo of freight and a large number of passengers. At 2 o'clock this morning just as the steamer was entering Lake Palmyra a sudden wind and rain storm of cyclonic proportions came out of the west, catching the Providence broadside on. The little vessel was lifted almost entirely out of the water, her upper works blown away and the hull turned bottom up in 40 feet of water. Most of the crew and passengers were asleep at the time and had absolutely no chance of escape. Only nine of the boat's entire company were saved. The property loss will amount to several thousand dollars.

Messrs. Cassidy, Scott, Roup and Lancaster were all married men and leave large families. A steamer carrying coffins and divers left for the scene immediately and will attempt to recover all the bodies.

WORTHY SUCCESSORS OF BENDERS IN BEAUMONT

By Associated Press

Beaumont, Tex., March 12.—Mattie Bennett confessed today to Sheriff Lindley that she was at the head of a gang of negro women and white men who had been for months luring men into her house, drugging them, beating them and robbing them. If they died the victims were dragged to the river and thrown in. If they were only stunned they were taken out of the house to a remote part of some street and left there for pedestrians or policemen to find.

A fear is felt that more than 12 men among those who have come to Beaumont and were afterward reported as missing have been murdered and their bodies are now at the bottom of the river. In the last three months at least 50 inquiries for missing men have been received and while no one supposes that the gang has murdered so many as 50 there is fear that some of the disappearances are due to their work. Five bodies have been found in the river since the first of the year.

The Bennett woman was arrested on Sunday on suspicion of being connected with the murder of Benjamin Pearson, one of the victims. She denies being guilty of this crime but admits that one of the gang of which she is a member discussed the commission of the deed. On the strength of her confession a white man, Punch Prom, and a negro woman, Mary Jane, have been arrested. All of them have been sweated and Sheriff Lindley states that he expects a full confession not only of the murder of Pearson but of others within a short time.

Sheriff Lindley is looking for two more negro women and six or eight white men, some of whom are wanted as witnesses.

"Saved My Life and Kept Me from Insane Asylum"

Mrs. Wilcox is Now in Perfect Health Through no Other Agency than

PAINE'S Celery Compound

Earnest and Candid Statements Made by a California Lady.

The absolute need of an honest and genuine invigorator and health giver in the spring season is deeply impressed on the mind of every thinking and intelligent man and woman.

The happy cure of Mrs. J. E. Wilcox of Winters, Cal., through the use of Paine's Celery Compound created widespread astonishment and joy amongst her friends and neighbors who were exceedingly anxious regarding her condition.

The best medical treatment failed even to give Mrs. Wilcox a few days of relief from her sufferings of mind and body. At last, Paine's Celery Compound saved her from a terrible end and planted her feet firmly on the rock of health.

Read Mrs. Wilcox's letter of testimony, dear reader, and if you remain obdurate and unbelieving after such an earnest and convincing confession of cure, nothing but a direct act of Providence can snatch you from the dangers and perils of your position. Mrs. Wilcox says:—

"I feel it my duty to tell you what Paine's Celery Compound did for me. Some years ago my head troubled me so, that it seemed I should be crazy. It was caused by overstudy. I asked the advice of two doctors who gave me medicine to no effect and I did not know what I would do. I did not want to see any one, everything seemed so strange. I had a tired, lagging feeling, my bowels were out of order, my kidneys troubled me and I felt badly, but before I had taken half of one bottle of Paine's Celery Compound I felt like a new person. Four bottles cured me and I would recommend it to all who feel the way I did. I can't praise it half enough, for I know it saved my life and kept me from imprisonment in an insane asylum, which is as bad as death."

DIAMOND DYES. The only pure and unadulterated. Never crock! Never fade!

LEGAL OBSTACLES IN MINNESOTA'S WAY

By Associated Press

St. Paul, March 12.—The Pioneer Press tomorrow will say that the attorneys for the state in the prosecution of the so-called merger of the Great Northern and Northern Pacific companies have about decided that the state is in a helpless condition owing to the inability to find a court with jurisdiction. It is stated that the decision of the supreme court of the United States to take original jurisdiction in the case in effect barred the state from bringing action in any of the lower federal courts. To bring the suit in the state courts it is claimed, would be ineffective because the Northern Securities company is a foreign corporation and so not amenable to state courts. If the cases were brought in New Jersey, the home of the Northern Securities company, then the same obstacle would be encountered, namely that the Great Northern and Northern Pacific were foreign corporations in the eyes of the New Jersey courts. If the state should bring proceedings in quo warranto to forfeit the Great Northern company's charter it would be incumbent upon it to prove an actual consolidation of the two roads, in order to bring it within the purview of the state statute prohibiting such consolidation. Attorney-General Douglas is said to have favored issuing a frank statement of the case to the public, but in this he was overruled by his associates.

Daily Life of the West Point Cadet

In describing the daily life of a cadet it is unfortunately necessary, at the outset to refute the idea that this life is made up largely of leisure and frolic. Nothing could be further from the truth. No college in the country manages to crowd into a course of four years so extensive a curriculum. Yet in addition to all the long hours spent in study and recitation, every cadet is obliged to master thoroughly all the intricacies of drill, minor tactics, the outdoor application of academic studies, and, in general, the essentials of a sound technical and military training. A young man there is obliged to rise at 6 o'clock every morning, except Sunday, when he may stay abed until seven. Just enough time is allowed him in which to dress properly, and to "police" the room which he shares with one other cadet. "Policing" consists in what would be called chamber work in civil life, but in no hotel in the country is this work so systematically and tidily performed as by cadets, for in the army neatness is insisted on as one of the first duties of a soldier. By the time the police work is over the battalion forms and marches to breakfast in the Cadet Mess hall. After the meal 40 minutes are allowed for rest and recreation.

Punctually at eight o'clock the sections file into the various recitation rooms for the first recitations, an hour and a half in length. Sections alternate in hours. After 11 o'clock recitations are an hour long. For two and a half hours in the morning cadets are subjected to a long series of mental ordeals, the intervening hours being used for study. There is no chance for a cadet, even if he is so disposed, to shirk his recitations. He cannot offer the excuse of "not prepared." He must be ready. There is no hope for him to escape unnoticed in the recitation room, for each class is divided into sections, these sections consisting usually of eight men and never more than 12. The professors and instructors have abundant time to draw out of each man just what he knows of the subject under discussion. Nor is there any hope of hiding ignorance by asking the instructor what he means by a question. All the professors and instructors are conversant with these little artifices of the class room and such an attempt on the part of a cadet would be sure to rebound upon the offender's head. The motto for academic work is "Every cadet every day," and the standard "Every cadet proficient in everything."

From this strain of five hours mental work in the morning the only cadet who can expect to escape is the one who answers the "sick call" at 6:30 a.m. and is excused from duty. If he is ill the young man is taken into the Cadet hospital, but if his illness is slight he is ordered to keep to his quarters and is excused from all work until his name is stricken from the sick report. Each cadet is supposed to make up for time lost when he becomes ill. If he cannot do this he is either turned back to the class next below or else is summarily dismissed from the academy for deficiency.—(Captain W. C. Rivers, U. S. A., in March Success.

United States May Bankrupt Cuba

General Tomas Estrada Palma, the first president elect of Cuba, in an interview in the March Success, says of the future of his island: "The outline of the policy I have ... The details of course can only be worked out as events occur. Our very existence as a republic will depend upon friendly commercial relations with the United States. Our people will be bankrupt and our free institutions will be imperiled unless the tariff on Cuban sugar and tobacco is reduced. The prosperity of half the people of the island directly or indirectly depends upon the sugar crop and it cannot be sold in the United States under the present tariff so as to provide a living for the producers. Our people put all the money they had, and all they could borrow, into the crops this year in the hope that the great nation that broke the rod of their oppressors would not by a failure to make a more friendly commercial treaty leave them to perish by starvation. There is no doubt that Cuba will be willing to make corresponding concessions in the tax on imports from the United States. I shall encourage a continuance of those sanitary measures which have so manifestly improved the health of the island since Spain's power was broken."—(From Success for March, 1902.

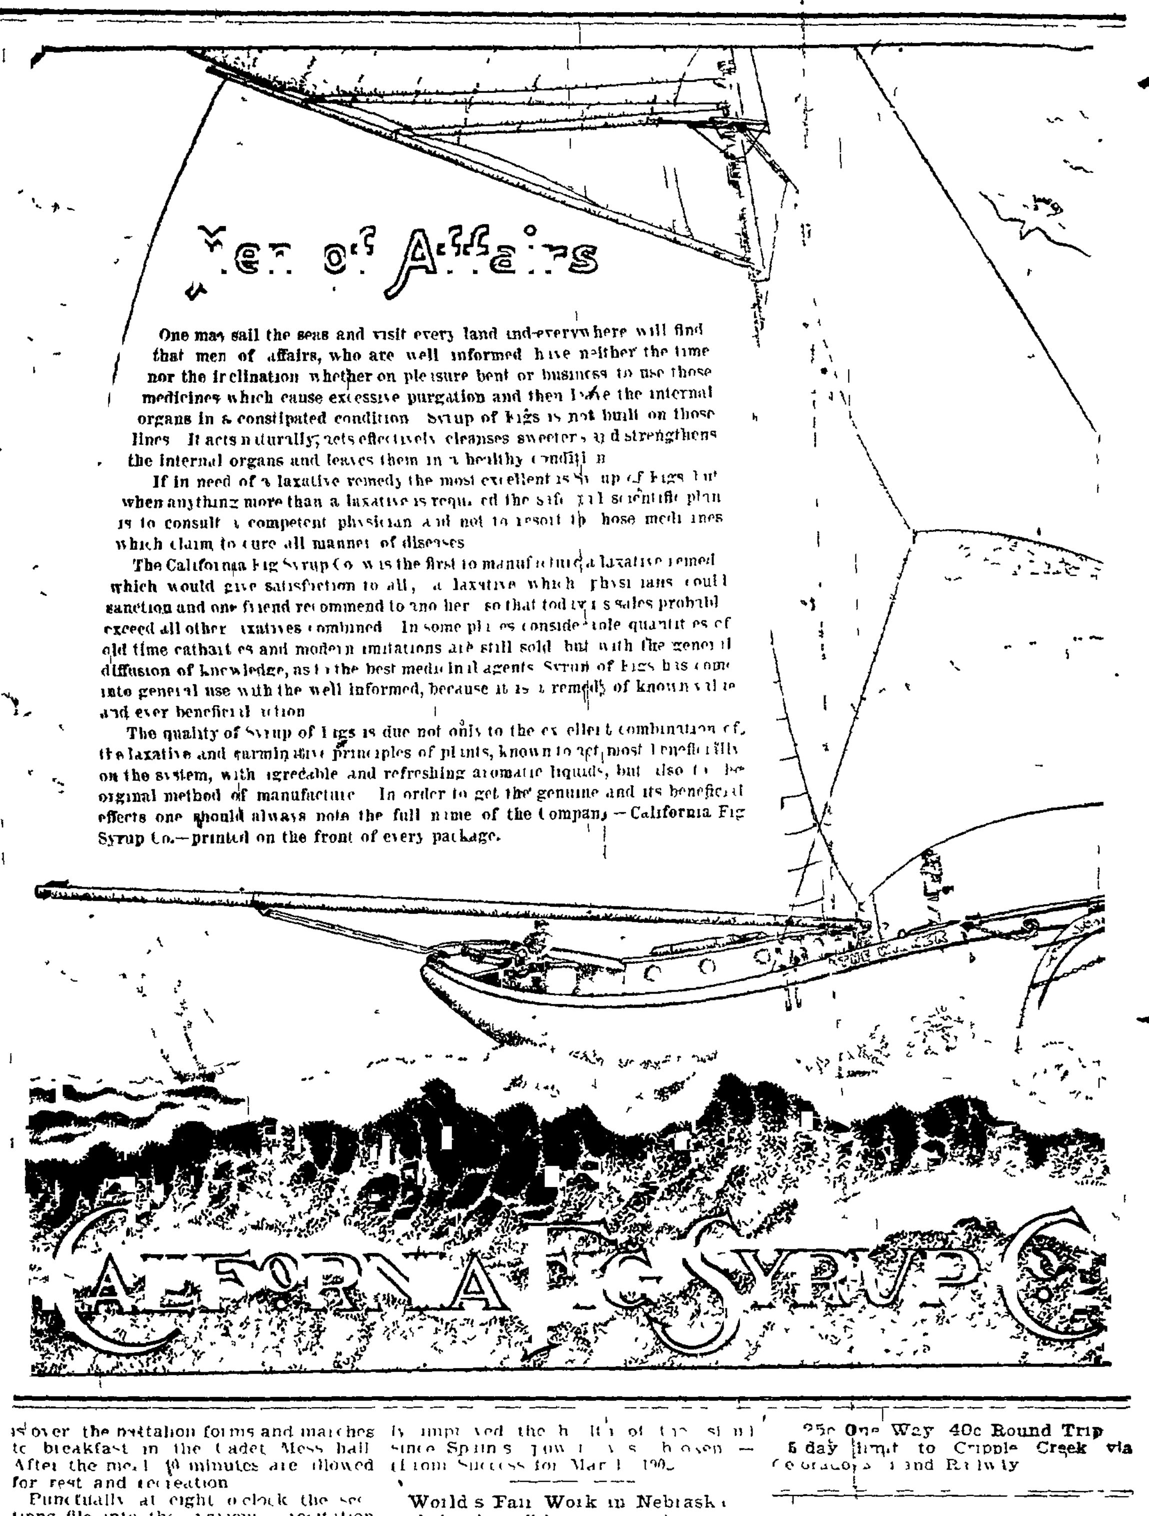

World's Fair Work in Nebraska

Nebraska will be represented ... in the Louisiana Purchase exposition at St. Louis ... says the Omaha World-Herald. The Nebraska world's fair commission met this week and ... members of the commission ... collecting and installing the ... classes of exhibits. Mr. G. W. Wattles, who was president of the Omaha Trans-mississippi exposition, was given the department of manufactures and social ... Mr. J. Sterling Morton ... secretary of agriculture in Mr. Cleveland's cabinet, was assigned to the horticultural exhibit, Mr. Bruce to agriculture, Mr. Fudge to horticulture, and Mr. White to live stock.

The Cubans Are Hard Workers

We have an island materially rich, with a fertile soil and salubrious climate. The people are industrious, especially those in the country districts; all that they ask is to have plenty of work at reasonable compensation. They are fond of home and by nature are law abiding. They love liberty and are brave but relentless when stirred by oppression. The Cubans are anxious for their children to be educated. One of the reasons assigned in the declaration of the Ten Years war was that Spain treated us so murderously in order to pay the standing army that oppressed us and would not furnish schools sufficient to educate our children. The Cuban people are singularly hospitable. A stranger visiting a home is not only treated with kindness but is offered a cup of coffee as an evidence of good will. They have what is called the southern type of hospitality. Though our people are hard workers they are not as a rule as provident as people of industrial habits ought to be. They have a free and easy way spending their money on the present rather than saving for a rainy day. They are just and honest in their dealings and have faith in God.—(Tomas Estrada Palma in Success for March.

DESIGNING AND ENGRAVING.

Our engravers have been doing some of the best work produced in Chicago. Here they are equipped with the finest modern engraving plant that money can buy today. Everything is brand new and the best of its kind. We will do more than satisfy you. We will satisfy ourselves. We are fussy about cuts because we do so much printing. It is cheaper to make good cuts than to make bad cuts ready for the press; that's one reason why we do our own engraving. Our prices are right for good work. Perhaps you have been paying the same for poor work. Give us a trial. Designing, illustrating, engraving by all processes, and electrotyping. The Smith Brooks Co., 1st & Calif St., Denver. A CUP OF COFFEE—
AN OPTICAL DIPLOMA—

Together with a full paid membership in the Squeedunk Optical Society—all for a dime. This month only. Be sure and write to-day—next week it may be reduced to a nickel. If you value your self respect get it before it goes too low.

Our Eye Sight Specialist did not acquire his optical education in that way—he spent big money and long years to get the exact knowledge of fitting glasses which he possesses.

R. ASHBY, THE OPTICAL JEWELER.

A Good Recipe for Cake

Should be sure to state that to insure the lightest cake possible one should use

Swan's Down Prepared Cake Flour.

It is uniformly good at all seasons and in any climate. Indorsed by all the leading cooking schools.
